

ANROFU 1000W LED Grow Panel Light Full Spectrum LED Panel For Growing Plants

Our Product Introduction

for more products please visit us on growled-light.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY10-1000W-2C2-110
- Minimum Order Quantity: 1
- Packaging Details: Carton Box :1140*600*125mm Gross Weight: 15.5kg/ctn
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000pcs per day

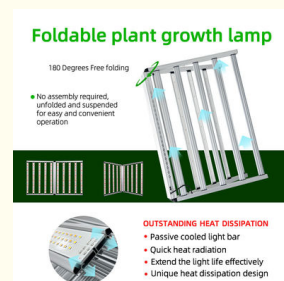

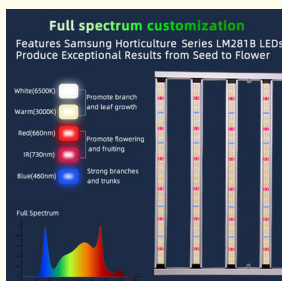

Product Specification

- Product Name: Anrofu Grow Panel Light
- Lifespan: 50,000 Hours
- Input Voltage: 110-277VAC 50/60Hz
- Dimmable: 0-10V Dimming
- PPFD (Photosynthetic Photon Flux Density) (380-780nm): 2800µmol/m²/s
- PPE (Photosynthetic Photon Efficacy): 2.8µmol/J
- Full Spectrum: Full Spectrum White Light+460nm+660nm+730nm
- Led Bar: 10 Strips
- Highlight: LED Grow Panel Light Full Spectrum, 1000W LED Grow Panel Light,

Product Description

ANROFU 1000W LED Grow Panel Light Full Spectrum LED Panel For Growing Plants

Product Description:

The anrofu grow panel light features a beam angle of 120 degrees, providing a wide and uniform light distribution that promotes healthy plant growth. this grow light emits a strong and consistent light that is perfect for all stages of plant growth. The LED type used is the Samsung Brand, which is known for its high efficiency and low power consumption.

One of the standout features of the anrofu grow panel light is its long lifespan of up to 50,000 hours. This means that you can enjoy continuous use of this grow light for years without worrying about frequent replacements or maintenance.

Whether you are growing flowers, herbs, vegetables, or any other type of plant, the anrofu grow panel light is the perfect lighting solution for you. Its energy-efficient design and long lifespan make it a cost-effective choice for indoor gardeners of all levels.

Features:

Product Name: anrofu grow panel light

Input Voltage: AC100-277V

Dimensions: 1100*1100mm

Lifespan: 50,000 Hours

Technical Parameters:

Product Name	anrofu grow panel light
Model number	HY10-1000W-2C2-110
Power	1000W +/-5%
Input voltage	110-277VAC 50/60Hz
LED Driver	UL CE Driver
Lumen	160000LM
Channel	1 channel
Dimmable	0-10V Dimming
Lumen efficiency CRI	160LM/W >80
PPFD (Photosynthetic Photon Flux Density) (380-780nm)	2800μmol/m²/s
PPE (Photosynthetic Photon Efficacy)	2.8μmol/J
Full spectrum	Full spectrum white light+460nm+660nm+730nm
Coverage	4x4ft
Mounting height	≥ 6" (15.2cm) Above canopy
Supplementation time	Vegetative Stage: 12 - 14 hours on; Flowering Stage: 9-12 hours on; Fruiting Stage: 7-8 hours on.
Product size	1100*1100mm
PF	>0.95
THD	<15%
LED Bar	10 strips
Angle	120°
Housing color	Silver
Material	Aluminum
IP	IP54 (Indoor using)
Lifespan	>50,000H

Working Temperature	-20°C~+45°C
Operating Humidity	<95%
Storage Temperature	-40°C~+80°C
Input voltage(AC)	120 V 208 V 240 V 277 V
Input current at 100%	8.3A 4.9A 4.3A 3.7A

Applications:

anrofu grow panel light can be used in many occasions and scenarios. For example, it can be used in indoor planting, such as home gardening, greenhouses, and indoor hydroponics. The 380-780nm wavelength of the LED Grow Light Panel is suitable for all stages of plant growth, from seedling to flowering and fruiting. It provides plants with the light spectrum they need for photosynthesis and helps to promote plant growth and increase yield.

Moreover, anrofu grow panel light can also be used in outdoor planting. It is suitable for growing plants in places where natural light is insufficient, such as balconies, rooftops, and gardens.

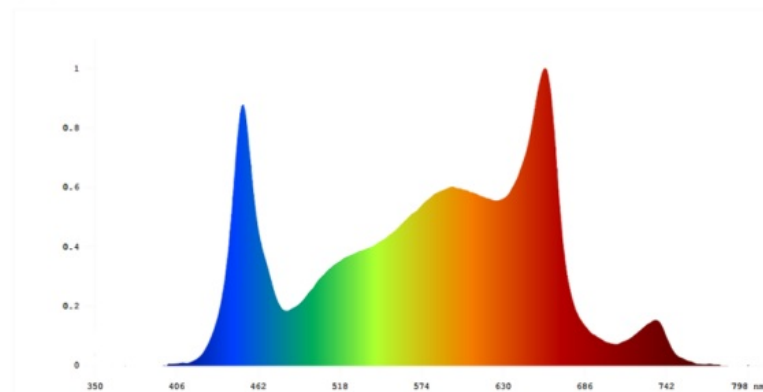

anrofu grow panel light is 1100*1100mm dimension. It has a long lifespan of up to 50,000 hours, which greatly reduces the cost of replacing lamps. The LED Grow Light Panel is energy-saving and environmentally friendly, and it can save up to 80% of electricity compared to traditional plant growth lamps.

In conclusion, ANROFU anrofu grow panel light is a high-quality and cost-effective plant growth lamp that can be used in various occasions and scenarios. It is suitable for indoor planting, and it provides plants with the light spectrum they need for photosynthesis. With its long lifespan and energy-saving features, the LED Grow Light Panel is an excellent choice for all plant growers.

Support and Services:

Our anrofu grow panel light product comes with comprehensive technical support and services to ensure that our customers get the best possible experience with our product. Our team of experts is available to assist with any technical issues or questions that may arise during installation or use of the product. In addition, we offer maintenance services to ensure that your anrofu grow panel light continues to operate at peak performance. Our team can provide regular inspections, cleaning, and replacement of parts as needed. We also offer training and educational resources to help customers make the most of their anrofu grow panel light. This includes information on best practices for installation, operation, and maintenance, as well as tips for optimizing plant growth and yield. Overall, our goal is to provide our customers with the highest level of support and service, so they can enjoy all the benefits of our anrofu grow panel light with confidence.
