Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY-1060W-HT
- Minimum Order Quantity: 1
- Packaging Details: Carton size 1160*220*270mm Weight 16.6kg /pcs
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000pcs per day

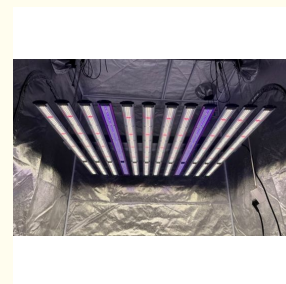

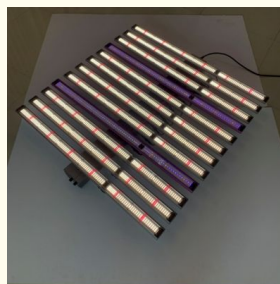

Product Specification

- Input Voltage: AC100-277V
- Lifespan: 50,000 Hours
- LED Brand: SMD2835/3030
- Power: 1060W
- LED Quantity: 3380 Pcs
- PPF: 2.8 $\mu\text{mol/s/W}$
- Coverage: 4x4ft
- Material: Aluminum Alloy
- Highlight: Aluminum Alloy LED Plant Growing Lights, Full Spectrum LED Plant Growing Lights, Full Spectrum LED Lamp For Plant Growing

Product Description

Detachable LED Grow Light The Ultimate Solution For Your Plants Growth

Product Description:

The Detachable LED Grow Light has an input voltage of AC100-277V and a frequency of 50/60Hz. This makes the product compatible with almost all electrical systems. The light features two LED colors, red and blue, which are perfect for plant growth. The red light promotes the growth of flowers and fruits, while the blue light promotes the growth of leaves and stems. The combination of these two colors provides the perfect lighting conditions for your plants.

The LED lights in the Detachable LED Grow Light have a lifespan of 50,000 hours. This means that you can use the product for several years without worrying about the lights burning out. The LED lights are also energy-efficient, which means that you can save money on your electricity bill while still providing the perfect lighting conditions for your plants.

The Detachable LED Grow Light also features an adjustable angle of up to 90 degrees. This allows you to direct the light exactly where it is needed. The adjustable angle also makes it easy to use the product in different locations and for different types of plants.

The Detachable LED Grow Light is easy to install and use. Simply plug the product into an electrical outlet and adjust the angle of the light as needed. The detachable feature makes it easy to move the light to different locations and adjust the angle of the light to suit your needs.

In conclusion, if you are looking for a high-quality LED grow light that is easy to use and provides the perfect lighting conditions for your plants, then the Detachable LED Grow Light is the perfect product for you. With its detachable feature, adjustable angle, and long lifespan, this product is sure to provide you with years of reliable service.

Features:

Product Name: Detachable LED Grow Light

Installation: Hanging Or Clipping

Wavelength: 660nm (Red), 460nm (Blue)

Input Voltage: AC100-277V

Adjustable Angle: 90 Degrees

Material: Aluminum Alloy

Specification:

Power cord type	US /AU/EU/GB
Input voltage	100-277VAC
Rated voltage	120/220VAC
Use light source	SMD2835/3030
Light angle	120 degree \pm 5
Rated power	1060W \pm 5%
Product size	1100*1030*90mm
Coverage	4x4ft
LED Quantity	3380PCS
PPFD	400-2500 μ mol/(m ² -s)
PPF efficiency	2.8 μ mol/s/W
Power factor	\geq 0.9
Light effect	143lm/W \pm 5%
Luminous flux	152000lm
Working temperature	-10~+45°C
Storage temperature	-20~+50°C

weight/carton	16.6kg/1160*220*270mm
Feature	Two fold design, networked control
Application	Large-scale industrial planting, family planting tents

Applications:

The Detachable LED Grow Light is perfect for indoor gardening application occasions. It is ideal for use in greenhouses, grow tents, and hydroponic systems. The product is designed to provide the right spectrum of light needed for plant growth. The LED grow light is detachable, making it easy to install and use. It can be hung or clipped to the plant canopy, depending on the user's preference. The product's input voltage is AC100-277V, making it easy to use in different countries.

The LED Color of the Detachable LED Grow Light is red and blue. These colors are the most important for plant growth, with the red spectrum being important for flowering and fruiting, while the blue spectrum is essential for vegetative growth. The product has a wavelength of 660nm (Red) and 460nm (Blue), which are perfect for plants' growth.

The Detachable LED Grow Light is made of high-quality materials, including aluminum alloy and PC. These materials ensure that the product is durable and can withstand the harsh conditions of indoor gardening. The product's detachable design makes it easy to clean and maintain, ensuring that it lasts longer.

In conclusion, ANROFU Detachable LED Grow Light is an excellent product for indoor gardening. It is easy to install and use, making it perfect for both beginners and experienced indoor gardeners. The product is made of high-quality materials and is certified to meet the highest quality standards. Whether you are growing plants in a greenhouse, grow tent, or hydroponic system, the Detachable LED Grow Light is the perfect product for you.

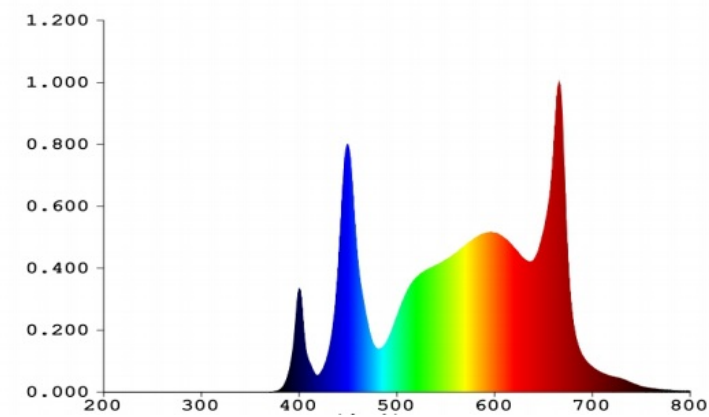

Support and Services:

The Detachable LED Grow Light product provides technical support and services to ensure that the product is functioning properly and efficiently. Our team of experts is available to answer any questions you may have about the product, including installation and usage. Additionally, we offer troubleshooting services to address any issues that may arise during use of the product.

We also provide warranty services to ensure that the product is free from defects and any issues that arise during the warranty period are resolved quickly and efficiently. Our team is committed to providing excellent customer service and ensuring that our customers are satisfied with their purchase.

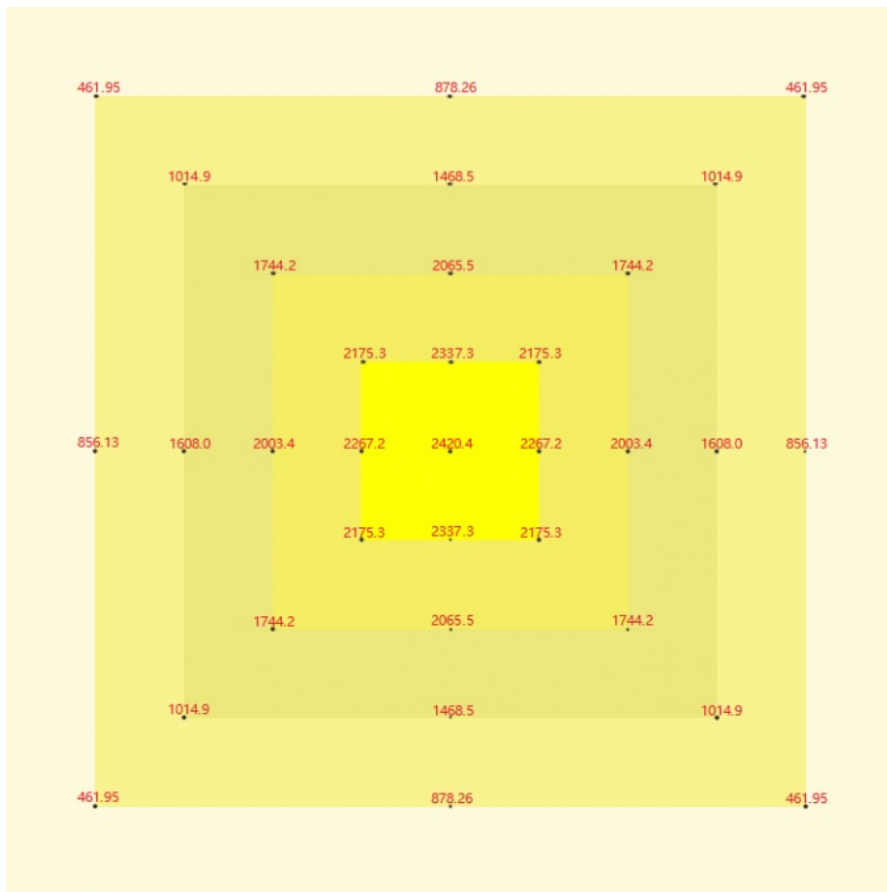

For further support and services, please visit our website or contact our customer service team.
