

Full Spectrum 200W LED Grow Quantum Board One Channel Dimmable Control

Our Product Introduction

for more products please visit us on growled-light.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY1-200-1R6
- Minimum Order Quantity: 1
- Packaging Details: Carton Box :653*398*290mm Including 5
Gross Weight: 18.2kg Including 5
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000pcs per day

Product Specification

- Input Voltage: 100-277VAC 50/60Hz
- Power: 200W
- PPF (380-780nm): 500μmol/S
- Lifespan: 50,000 Hours
- Full Spectrum: 572pcs 2835 White Light+4pcs 2835 UV
395nm 64pcs 3030 660nm+8pcs 3030 IR
730nm
- Mounting Height: ≥ 6" (15.2cm) Above Canopy
- Coverage: 2x1FT
- Product Size: 600*240mm
- Name: LED Grow Quantum Board
- Highlight: Full Spectrum LED Grow Quantum Board,
200W LED Grow Quantum Board,
200w led full spectrum grow light

Product Description

200W Revolutionize Your Plant Growth With Our LED Grow Light Quantum Board

Product Description:

This LED grow light uses the latest LED technology to provide a PPFD (Photosynthetic Photon Flux Density) of $2.5\mu\text{mol/J}$ which means it delivers the optimal amount of light that plants need for photosynthesis. This results in healthier and faster plant growth, higher yields, and better quality produce.

The LED Grow Light Quantum Board features a driving brand which is known for manufacturing high-quality and reliable drivers. This ensures that the LED grow light operates efficiently and lasts for a long time.

The gross weight of this LED grow light is 2.6KG/pcs, making it lightweight and easy to install. The dimmable control allows for easy operation and customization of light settings, making it convenient for users to adjust the light intensity and spectrum according to their plant's needs.

Overall, the LED Grow Light Quantum Board is a high-quality and efficient grow light that is perfect for indoor growers of all levels. Its advanced LED technology, reliable driving brand, and easy-to-use remote control make it a great investment for anyone looking to grow healthy and high-yielding plants.

Features:

Product Name: LED Grow Light Quantum Board

Bloom Coverage: 2x1FT

Gross Weight: 2.6KG/pcs

Type: One Channel Dimmable Control

Power: 200W

Lifespan: 50,000 Hours

Technical Parameters:

Product Name	200W LED Grow Light
Model number	HY1-200-1R6
Power	200W +/-5%
Input voltage	100-277VAC 50/60Hz
LED Driver	UL CE Driver
Lumen	32000LM
Lumen efficiency CRI	160LM/W >80
PPF (380-780nm)	500μmol/S
EFF	2.5μmol/J
Full spectrum	572pcs 2835 white light+4pcs 2835 UV 395nm 64pcs 3030 660nm+8pcs 3030 IR 730nm
Mounting height	≥ 6" (15.2cm) Above canopy
Supplementation time	Vegetative Stage: 12 - 14 hours on; Flowering Stage: 9-12 hours on; Fruiting Stage: 7-8 hours on.
PF	>0.95
THD	<15%
Product size	600*240mm
Angle	120°
Housing color/Material	Silver/Aluminum
Coverage	1x2ft
IP	IP54 (Indoor using)
Lifespan	>50,000H
Working Temperature	-20°C~+45°C
Operating Humidity	<95%
Storage Temperature	-40°C~+80°C
Input voltage(AC)	100 V 220 V 240 V 277 V
Input current at 100%	1.8A 0.93A 0.85A 0.74A

Applications:

The ANROFU LED Grow Light Quantum Board boasts 648PCS of high-quality LEDs, providing a Ppfd of 2.5 μmol/J. This impressive efficiency ensures that plants receive the maximum amount of light possible for optimal growth. With a gross weight of 2.6KG/pcs, this product is both durable and easy to install.

Thanks to its 50,000-hour lifespan, the ANROFU is a long-lasting solution for indoor plant growth. This makes it ideal for commercial growers who need a reliable and efficient product that can withstand heavy use.

There are many occasions and scenarios where the ANROFU LED Grow Light Quantum Board would be a great fit. For example, it can be used in greenhouses, grow rooms, and indoor farms. Whether you're growing herbs, vegetables, or flowers, this product can help your plants thrive. The ANROFU can also be used to extend the growing season, allowing you to produce crops year-round.

If you're looking for a powerful and reliable LED Grow Light Quantum Board, the ANROFU is an excellent choice. With its impressive efficiency, long lifespan, and high-quality LEDs, this product is sure to help your plants reach their full potential.

Support and Services:

The LED Grow Light Quantum Board product comes with comprehensive technical support and services to ensure optimal performance and customer satisfaction. Our team of experts is available to provide assistance with product installation, troubleshooting, and maintenance. We also offer product training to ensure that customers are able to get the most out of their LED grow lights. Additionally, we offer extended warranties and repair services to further support our customers. Our goal is to provide reliable and high-quality products that exceed customer expectations.
