

## 800W LED Grow Light Tube 120000LM For High Performance Plant Growth

Our Product Introduction

for more products please visit us on [growled-light.com](http://growled-light.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HYT2-800W-MY
- Minimum Order Quantity: 1
- Packaging Details: Carton Box :967\*417\*127mm Gross Weight: 19kg/ctn
- Delivery Time: 3-5 working days
- Payment Terms: T/T
- Supply Ability: 10000pcs per day

### Product Specification

- PPF (380-780nm): 2080μmol/S
- Input Voltage: 110-277VAC 50/60Hz
- EFF: 2.6μmol/J
- Full Spectrum: 624pcs Full Spectrum White Light +276pcs 660nm Red Light+20pcs 460nm
- Mounting Height: ≥ 60cm Above Canopy
- Supplementation Time: Vegetative Stage: 12 - 14 Hours On; Flowering Stage: 9-12 Hours On; Fruiting Stage: 7-8 Hours On.
- Lifespan: 50,000hrs
- Power: 1000W
- Name: Plant Growth LED Tube Light
- Highlight: **800W LED Grow Light Tube, LED Grow Light Tube 120000LM,**

## Product Description

### 800W LED Grow Light Tube The Perfect Solution for High-Performance Plant Growth

#### Product Description:

The LED Grow Light Tube has an input voltage range of AC100-277V, meaning that it can operate on a wide range of power inputs. The light output of this tube is impressive. This makes it suitable for growing different types of plants, including those that require intense light to thrive.

The LED Grow Light Tube is designed with a 120° light distribution, which ensures that the light is evenly spread across your plants. This helps to ensure that every part of your plants receives the required amount of light for optimal growth. The even distribution of light also helps to prevent hotspots, which can damage your plants.

This LED Grow Light Tube is a versatile lighting solution that can be used in different settings, including homes, offices, and greenhouses. It is easy to install and comes with a long lifespan, which means that you won't have to replace it often.

In conclusion, if you are looking for an efficient and reliable lighting solution for your indoor plants, the LED Grow Light Tube is an excellent choice. With its impressive light output, even distribution, and versatile design, this product is an investment that will pay off in the long run.

#### Features:

**Product Name:** LED Grow Light Tube

**Ip Grade:** IP54

**Lifespan:** > 50,000hrs

**Light Distribution:** 120 °

**Lamp Lumincus Efficiency:** 2.6  $\mu\text{mol/J}$

**Power:** 800W

#### Technical Parameters:

Product Name	800W LED Grow Light
Model number	HYT2-800W-MY
Power	800W +/-5%
Input voltage	110-277VAC 50/60Hz
LED Driver	UL CE Driver
Lumen	120000LM
Lumen efficiency CRI	150LM/W >80
PPF (380-780nm)	2080 $\mu\text{mol/S}$
Product size	915*363*75mm
EFF	2.6 $\mu\text{mol/J}$
Color	624pcs Full spectrum white light +276pcs 660nm red light+20pcs 460nm
Coverage	6x6ft 5x8ft
Mounting height	≥ 60cm Above canopy
Supplementation time	Vegetative Stage: 12 - 14 hours on; Flowering Stage: 9-12 hours on; Fruiting Stage: 7-8 hours on.
PF	>0.95
THD	<15%
LED Module	2
Angle	120°
Housing color	Gold

Material	Aluminum
IP	IP54 (Indoor using)
Lifespan	>50,000H
Working Temperature	-20°C~+45°C
Operating Humidity	<95%
Storage Temperature	-40°C~+80°C
Input voltage(AC)	100 V 220 V 240 V 277 V
Input current at 100%	7.3A 3.7A 3.1A 2.9A

### Applications:

This LED Grow Light Tube is perfect for growing plants in indoor gardening, hydroponic systems, greenhouses, and other indoor environments where natural light is limited. The LED Grow Light Tube is designed with high-quality LED chips that provide the optimal spectrum of light for plants to grow and thrive. The LED Grow Light Tube is also energy-efficient and has a long lifetime > 50,000hrs, making it a cost-effective choice for indoor growers.

This LED Grow Light Tube is easy to install and use, and it is suitable for a wide range of plants, including flowers, herbs, vegetables, and fruits. Whether you are a professional grower or a beginner, this LED Grow Light Tube can help you achieve the best results in your indoor garden. Its certifications, including FCC, CE, and ROHS, make it a safe and reliable choice for indoor growing.

In summary, ANROFU LED Grow Light Tube is a high-quality and efficient product that is suitable for various indoor growing occasions and scenarios. Its optimal light spectrum, energy efficiency, and long lifetime make it a cost-effective choice for indoor growers. With its easy installation and use, ANROFU LED Grow Light Tube is an ideal choice for professional growers and beginners alike.

### Support and Services:

The LED Grow Light Tube is designed to provide optimal lighting for indoor plants. Our technical support team is available to assist with any questions or concerns regarding the installation and operation of the product. Additionally, we offer a range of services including maintenance and repair, as well as customization options to meet your specific needs. Our team of experts is committed to providing the highest quality support and services to ensure that your plants receive the best possible lighting and thrive in their environment.
