

100W Maximize Your Plant Growth Potential with LED Grow Light Tube Technology

Our Product Introduction

for more products please visit us on growled-light.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY1W-100W-1AD2
- Minimum Order Quantity: 1
- Packaging Details: Carton Box :1160*465*155MM(10pcs) Gross Weight: 17kg/ctn
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000pcs per day

Product Specification

- Product Name: 100W LED Grow Light Tube
- Power: 100W
- Input Voltage: 100-277VAC 50/60Hz
- PPFD (Photosynthetic Photon Flux Density) (380-780nm): 210 μ mol/m²/s
- PPE (Photosynthetic Photon Efficacy): 2.1 μ mol/J
- Coverage: 4x1ft
- Product Size: 1114*55.6mm
- Lifespan: >50,000H
- Highlight: IP65 LED Tube Grow Lights, LED Tube Grow Lights 18W, Easy Install LED Tube Grow Lights

Product Description

Product Description:

Our LED Grow Light Tube has a Lamp Lumincus Efficiency of 2.1 $\mu\text{mol}/\text{J}$, which means that your plants will receive the right amount of light they need to grow. This efficiency is a result of the use of high-quality LED technology that is designed to produce the optimal light spectrum for plant growth.

The LED Grow Light Tube operates at an input voltage of AC100-277V making it a versatile option for multiple locations. It is also designed with a light distribution of 120°, ensuring that the light is spread evenly over your plants.

With a PPE of 2.1 $\mu\text{mol}/\text{J}$, the LED Grow Light Tube provides the perfect balance of light intensity and energy efficiency. This means that you can save money on energy costs while still getting the best results for your plants.

Our LED Grow Light Tube is perfect for indoor plant cultivation, whether you're growing herbs, vegetables, or flowers. It is easy to install and comes with all the necessary hardware to get started.

In conclusion, if you want to give your plants the best possible growing conditions, look no further than the LED Grow Light Tube. With its high Lamp Lumincus Efficiency, voltage versatility, even light distribution, and energy efficiency, it is the perfect solution for indoor plant cultivation. Order your LED Grow Light Tube today and see the results for yourself!

Features:

Product Name: LED Grow Light Tube

PPE: 2.1 $\mu\text{mol}/\text{J}$

Lifespan: 50,000hrs

Power: 600W

Technical Parameters:

Model Name	HY1W-100W-1AD2
Power	100W
Input voltage	100-277VAC 50/60Hz
PPFD (Photosynthetic Photon Flux Density) (380-780nm)	210 $\mu\text{mol}/\text{m}^2/\text{s}$
PPE (Photosynthetic Photon Efficacy)	2.1 $\mu\text{mol}/\text{J}$
Coverage	4x1ft
Product size	1114*55.6mm
Box packing size	1160*465*155MM(10pcs)
N.W	1.52kg/pcs
Lifespan	>50,000H

Applications:

The LED Grow Light Tube is designed to distribute light at a 120° angle, which can cover a large area of plants. With a PPE of 2.1 $\mu\text{mol}/\text{J}$, it provides the perfect light spectrum for plant growth. The Lumen output is 16000LM, which is enough to stimulate photosynthesis in plants. The power consumption is only 600W, which makes it an energy-efficient solution for indoor gardening.

The ANROFU LED Grow Light Tube has a long lifetime, with lifespan 50,000 hours. This means that you won't have to worry about replacing it for a very long time. The LED Grow Light Tube is suitable for a wide range of indoor gardening applications, including hydroponic systems, indoor gardens, greenhouses, and more.

If you are a professional grower or a hobbyist, the ANROFU LED Grow Light Tube is the perfect solution for your indoor gardening needs. It provides the ideal light spectrum, is energy-efficient, and has a long lifetime, making it a cost-effective solution. So, whether you are growing herbs, vegetables, or flowers, the LED Grow Light Tube will help you achieve the best results.

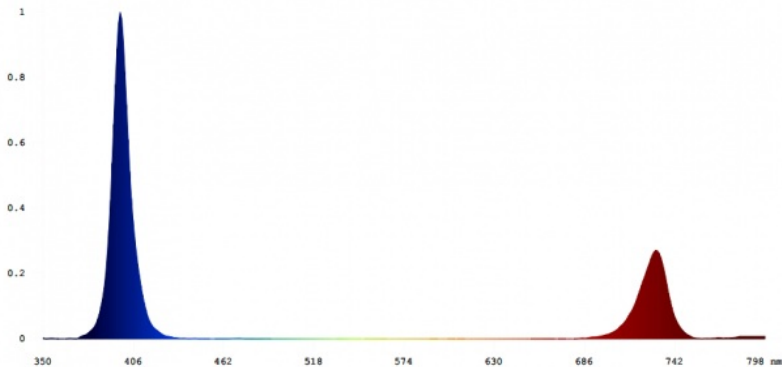

Support and Services:

The LED Grow Light Tube is designed to provide optimal lighting conditions for indoor plants and horticulture. Our technical support and services include:

- Assistance with product installation and setup
- Troubleshooting and resolving any technical issues
- Providing guidance on the proper use and maintenance of the product
- Offering advice on the best practices for indoor plant growth and horticulture
- Providing product updates and upgrades to improve performance

Our team of experts is dedicated to ensuring that our customers receive the best possible support and service for their LED Grow Light Tube. Contact us for any inquiries or assistance needed.
