

## 600W Dimmable Full Spectrum Energy Efficient LED Grow Lights For Indoor Plant Cultivation

Our Product Introduction

for more products please visit us on [growled-light.com](http://growled-light.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY1W-50W-1AE2
- Minimum Order Quantity: 1
- Packaging Details: Carton Box :1160\*465\*155MM(10pcs) Gross Weight: 17kg/ctn
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000pcs per day

### Product Specification

- Product Name: 50W LED Grow Light Tube
- Power: 50W
- Input Voltage: 100-277VAC 50/60Hz
- PPFD (Photosynthetic Photon Flux Density) (380-780nm): 105 $\mu$ mol/m<sup>2</sup>/s
- PPE (Photosynthetic Photon Efficacy): 2.1 $\mu$ mol/J
- Coverage: 4x1ft
- Product Size: 1114\*55.6mm
- Lifespan: >50,000H
- Highlight: 18W Energy Efficient LED Grow Lights, ROHS Energy Efficient LED Grow Lights, Indoor Plant Cultivation LED Light

## Product Description

### Product Description:

The LED Grow Light Tube operates on a voltage range of AC100-277V, making it compatible with most power sources. It has a PPE (photosynthetic photon efficacy) ratio of  $2.1\mu\text{mol/J}$ , which means it can provide the right amount of light spectrum for your plants to thrive. The lumen output of this grow light is 8000LM, ensuring that your plants receive the right amount of brightness without being too harsh on their delicate leaves.

The lamp luminous efficiency of the LED Grow Light Tube is also impressive, ranging from  $2.1\mu\text{mol/J}$ . This means that it can produce more light per watt, making it an energy-efficient choice for your indoor plant growth needs. With these features, the LED Grow Light Tube can provide the optimal light spectrum for your plants to grow healthy and strong.

In conclusion, the LED Grow Light Tube is an excellent choice for indoor plant cultivation. With its advanced features, certifications, and energy-efficient design, you can be sure that your plants will receive the right amount of light spectrum and brightness they need to thrive. Get your LED Grow Light Tube today and see the difference in your plant growth!

### Features:

**Product Name:** LED Grow Light Tube

**PPE:**  $2.1\mu\text{mol/J}$

**Input Voltage:** AC100-277V

**Lifespan:** 50,000hrs

### Technical Parameters:

Model Name	HY1W-50W-1AE2
Power	50W
Input voltage	100-277VAC 50/60Hz
PPFD (Photosynthetic Photon Flux Density) (380-780nm)	$105\mu\text{mol/m}^2/\text{s}$
PPE (Photosynthetic Photon Efficacy)	$2.1\mu\text{mol/J}$
Coverage	4x1ft
Product size	1114*55.6mm
Box packing size	1160*465*155MM(10pcs)
N.W	1.52kg/pcs
Lifespan	>50,000H

### Applications:

The ANROFU LED Grow Light Tube is a high-quality, energy-efficient lighting solution that is specifically designed to meet the needs of indoor growers. This product is manufactured in China and is certified by CE, ROHS, FCC, ETL, and DLC. It has a minimum order quantity of 1 and can be delivered within 3-5 working days upon payment via T/T. With a supply ability of 10000pcs per day, customers can rest assured that they will have access to a steady supply of this product.

The ANROFU LED Grow Light Tube is designed to provide a lumen output of 8000LM and a power of 600W. It has a PPE of  $2.1\mu\text{mol/J}$ , which means that it is highly efficient and can withstand harsh environmental conditions. The lifetime of this product is 50,000hrs, which ensures that customers will not have to worry about replacing the product anytime soon.

The LED Grow Light Tube is suitable for a variety of indoor plants, including but not limited to tomatoes, peppers, herbs, and flowers. It is designed to simulate natural sunlight, which can help to promote plant growth and development. This product is ideal for use in greenhouses, indoor gardens, hydroponic systems, and other indoor growing applications.

Whether you are a professional grower or a hobbyist, the ANROFU LED Grow Light Tube is an excellent choice for your indoor growing needs. With its high-quality construction, energy-efficient design, and long lifespan, this product is sure to provide you with years of reliable service. Order now and experience the benefits of LED Grow Light Tube for yourself!

### Support and Services:

The LED Grow Light Tube is designed to provide optimal lighting for indoor plant growth. Our technical support team is available to assist with any questions or concerns you may have regarding the installation and use of the product. In addition, we offer a range of services including:

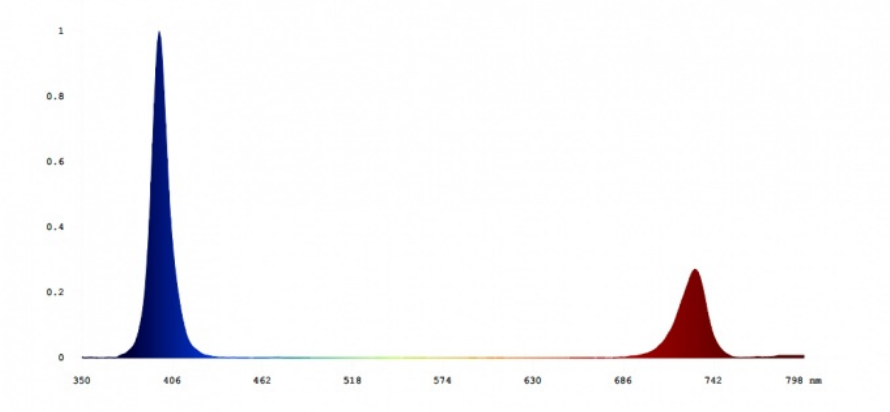

**Customized lighting solutions for specific plant types or growth stages**

**Repair and maintenance services to ensure your LED Grow Light Tube continues to function at its best**

**Product training and education to help you get the most out of your investment**

Our goal is to help you achieve maximum plant growth and health, and we are committed to providing the highest level of support and service possible.
