

600W Full Spectrum Boost Your Plant Growth with High-Performance LED Grow Light Tube

Our Product Introduction

for more products please visit us on growled-light.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY1W-100W-1AD2
- Minimum Order Quantity: 1
- Packaging Details: Carton Box :1160*465*155MM(10pcs) Gross Weight: 17kg/ctn
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000pcs per day

Product Specification

- Product Name: 100W LED Grow Light Tube
- Input Voltage: 100-277VAC 50/60Hz
- Power: 100W
- PPFD (Photosynthetic Photon Flux Density) (380-780nm): 210 μ mol/m²/s
- Angle: 120 °
- PPE (Photosynthetic Photon Efficacy): 2.1 μ mol/J
- Product Size: 1114*55.6mm
- Coverage: 4*1ft
- Highlight: ANROFU LED Grow Light Tube, Plant Growth Light Bulbs 18W, Indoor Plant Growth Light Bulbs

Product Description

Product Description:

The LED Grow Light Tube has a voltage range of AC 100-277V, making it compatible with a wide range of electrical systems. This means that it can be easily integrated into your existing setup, providing a seamless and hassle-free lighting solution.

With a light distribution of 120°, the LED Grow Light Tube provides even and consistent lighting across your plants. This ensures that every plant receives the same level of illumination, promoting healthy and consistent growth.

The LED Grow Light Tube has an impressive lifespan 50,000hrs. This means that it can provide reliable and consistent lighting for years to come, making it a cost-effective and sustainable solution for indoor plant growth.

In terms of lamp lumens efficiency, the LED Grow Light Tube offers an impressive 2.1 μ mol/J. This high level of efficiency ensures that your plants receive the optimal amount of light for healthy and abundant growth.

Overall, the LED Grow Light Tube is a top-of-the-line lighting solution that offers exceptional energy efficiency, consistent and even lighting, a long lifespan, and optimal lamp lumens efficiency. Whether you are a seasoned grower or just starting out, the LED Grow Light Tube is an excellent choice for indoor plant growth.

Features:

Product Name: LED Grow Light Tube

PPE: 2.1 μ mol/J

Lifespan: 50,000hrs

Input Voltage: AC100-277V

Technical Parameters:

Model Name	HY1W-100W-1AD2
Power	100W
Input voltage	100-277VAC 50/60Hz
PPFD (Photosynthetic Photon Flux Density) (380-780nm)	210 μ mol/m ² /s
PPE (Photosynthetic Photon Efficacy)	2.1 μ mol/J
Coverage	4x1ft
Product size	1114*55.6mm
Box packing size	1160*465*155MM(10pcs)
N.W	1.52kg/pcs
Lifespan	>50,000H

Applications:

ANROFU LED Grow Light Tube has a long lifetime of over 50,000hrs. Its power is 600W, and the input voltage is AC100-277V. With a PPE of 2.1 μ mol/J, this product is highly efficient and cost-effective.

The LED Grow Light Tube is suitable for a variety of occasions and scenarios, making it a versatile product. It is ideal for indoor gardening and plant growth in greenhouses, nurseries, and farms. The product can be used to grow a variety of plants, including vegetables, herbs, flowers, and fruits. It can also be used for hydroponics, aeroponics, and aquaponics.

The ANROFU LED Grow Light Tube is also suitable for research and experimentation in plant growth, providing scientists and enthusiasts with a reliable and efficient tool for their studies. The product is also perfect for growing plants in limited spaces, such as apartments and small houses, providing a convenient and affordable solution for home gardening.

The LED Grow Light Tube is also a great option for those who want to increase their plant yield and improve the quality of their produce. With its high efficiency and low power consumption, this product is a cost-effective solution for commercial growers who want to save on energy costs while achieving better results.

In summary, the ANROFU LED Grow Light Tube is a highly efficient, versatile, and cost-effective product suitable for a variety of

occasions and scenarios. Whether you are a home gardener, a commercial grower, or a scientist, this product is an excellent choice that will help you achieve your goals and improve your results.

Support and Services:

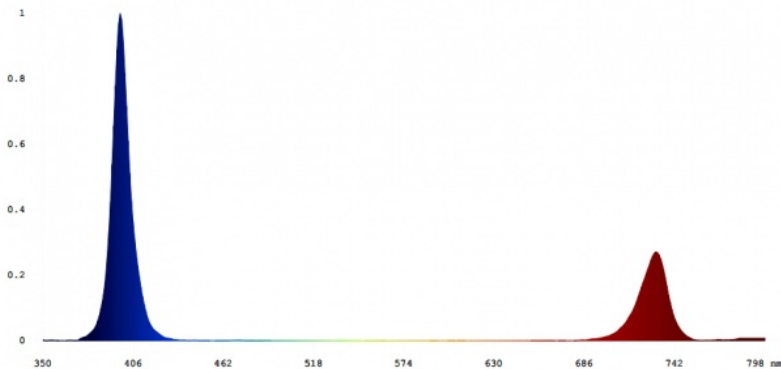

Our LED Grow Light Tube product comes with comprehensive technical support and services to ensure that you get the most out of your investment. Our team of experts can provide guidance on the best placement and usage of the product, as well as troubleshoot any issues that may arise. Additionally, we offer maintenance services to keep your LED Grow Light Tube functioning optimally. Our services include:

Technical guidance on placement and usage

Troubleshooting support

Maintenance services
