

## 50W Professional LED Grow Light Tube for Optimal Plant Growth Results

Our Product Introduction

for more products please visit us on [growled-light.com](http://growled-light.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY1W-50W-1AE2
- Minimum Order Quantity: 1
- Packaging Details: Carton Box :1160\*465\*155MM(10pcs) Gross Weight: 17kg/ctn
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000pcs per day

### Product Specification

- Product Name: 50W LED Grow Light Tube
- Input Voltage: 100-277VAC 50/60Hz
- Power: 50W
- Lifespan: 50,000hrs
- Certifications: FCC,CE,ROHS
- PPFD (Photosynthetic Photon Flux Density) (380-780nm): 105 $\mu$ mol/m<sup>2</sup>/s
- PPE (Photosynthetic Photon Efficacy): 2.1 $\mu$ mol/J
- Product Size: 1114\*55.6mm
- Highlight: CE Waterproof LED Grow Light, IP65 Waterproof LED Grow Light, 18W LED Plant Growth Lamp

## Product Description

### Product Description:

One of the standout features of this LED Grow Light Tube is its IP54. This makes it ideal for use in indoor. Additionally, the LED Grow Light Tube has a lumen 8000LM, which provides ample light for plants to thrive.

Another crucial attribute of this LED Grow Light Tube is its PPE of 2.1  $\mu\text{mol}/\text{J}$ . PPE, or photosynthetic photon efficacy, is a measure of how efficiently a light source can convert electrical energy into usable light for plants. With a high PPE, the LED Grow Light Tube can help plants grow faster and healthier than traditional lighting sources.

Overall, the LED Grow Light Tube is an excellent investment for anyone looking to improve their indoor gardening setup. With its durable design, versatile voltage range, and high PPE, this grow light tube can help plants thrive and flourish.

### Features:

**Product Name:** LED Grow Light Tube

**PPE:** 2.1  $\mu\text{mol}/\text{J}$

**Angle:** 120 °

**Ip Grade:** IP54

**Input Voltage:** AC100-277V

### Technical Parameters:

Model Name	HY1W-50W-1AE2
Power	50W
Input voltage	100-277VAC 50/60Hz
PPFD (Photosynthetic Photon Flux Density) (380-780nm)	105 $\mu\text{mol}/\text{m}^2/\text{s}$
PPE (Photosynthetic Photon Efficacy)	2.1 $\mu\text{mol}/\text{J}$
Coverage	4x1ft
Product size	1114*55.6mm
Box packing size	1160*465*155MM(10pcs)
N.W	1.52kg/pcs
Lifespan	>50,000H

### Applications:

Thanks to its CE, ROHS, FCC, ETL, and DLC certifications, you can trust that the ANROFU LED Grow Light Tube is a safe and reliable product that meets the highest standards of quality and performance. With a minimum order quantity of just 1 unit and a delivery time of 3-5 working days, this product is the perfect choice for growers of all sizes.

The ANROFU LED Grow Light Tube is powered by 600 watts of energy, delivering an impressive PPE of 2.1  $\mu\text{mol}/\text{J}$ . This ensures that your plants receive the optimal amount of light for healthy growth and development.

One of the standout features of the ANROFU LED Grow Light Tube is its long lifetime, with a lifespan 50,000 hours. This means that you can rely on this product to deliver consistent performance for years to come, making it a smart investment for growers who want to get the most out of their indoor growing operations.

The ANROFU LED Grow Light Tube is designed to work with an input voltage of AC100-277V, making it a versatile solution that can be used in a variety of settings. Whether you are growing plants in a greenhouse, a grow tent, or a vertical farming system, this product is the perfect choice.

Overall, the ANROFU LED Grow Light Tube is an excellent choice for anyone who wants to take their indoor growing operation to the next level. With its high-quality construction, impressive performance, and long lifetime, this product is a smart investment that will pay off for years to come.

### Support and Services:

The LED Grow Light Tube product is a high-quality plant lighting solution designed to provide optimal growing conditions for indoor plants. Our technical support team is available to assist with any questions or concerns regarding the installation, operation, or maintenance of the product. Our services include:

**Expert advice on the best lighting solutions for your specific plant types and growing environment**

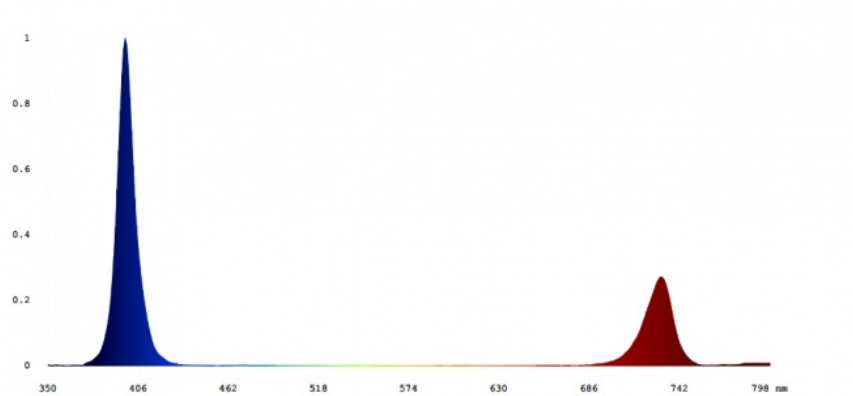

**Assistance with installation and setup of your LED Grow Light Tubes**

**24/7 technical support for any issues or concerns that may arise during operation**

**Regular maintenance and cleaning services to ensure optimal performance and longevity of your LED Grow Light Tubes**

At LED Grow Light Tube, we are committed to providing our customers with high-quality products and exceptional service. Contact us today to learn more about how we can help you achieve optimal growing conditions for your indoor plants.
