# **Customized UV IR LED Grow Light 1500W For Different Growing Environments LED Grow Lights For Vertical Farming**

## **Basic Information**

• Place of Origin: **CHINA** ANROFU • Brand Name:

· Certification: CE ROHS FCC ETL DLC • Model Number: HY12-1500W-3A1-240

 Minimum Order Quantity:

· Packaging Details: Carton Box:1165\*145\*860mm Gross

Weight: 23.9kg/ctn

• Delivery Time: 3-5 working days

• Payment Terms: T/T, Western Union, MoneyGram

· Supply Ability: 10000pcs per day

## **Product Specification**

• Input Voltage: 100-277VAC 50/60Hz • Product Name: 1500W LED Grow Light

1500W • Power:

 Lumen Efficiency CRI: 170LM/W >80 • PPFD (Photosynthetic 4060µmol/m<sup>2</sup>/s

Photon Flux Density) (380-780nm):

• PPE (Photosynthetic

2.8µmol/J

Photon Efficacy): • Full Spectrum:

Full Spectrum 428pcs White Light+20 Pcs 460nm +49 Pcs 660nm +7 Pcs IR 730nm

• Coverage: 8ft×5ft

• Highlight: Customized UV IR LED Grow Light, UV IR LED Grow Light 1500W,

# Full spectrum customiza Features Samsung Horticulture Series LM281B LEDs Produce Exceptional Results from Seed to Flower

# **Product Description**

## **Product Description:**

At 1500W with 100-277VAC, this grow light provides optimal power to your plants, ensuring that they grow healthy and strong. With a PPE of 2.8 Umol/J, this product is highly efficient and helps you save on energy costs.

With a PPFD of 4060 Umol/m2/s, this grow light provides your plants with the perfect amount of light they need to thrive. This product is designed to mimic natural sunlight and provides a full spectrum of light that is beneficial for your plants' growth.

The Vertical IR LED Grow Light can operate on an input voltage of 100-277VAC, 50/60Hz. Additionally, it is available in 170-270Vac, making it suitable for use in a variety of settings.

This grow light is easy to install and comes with everything you need to get started. It is perfect for use in greenhouses, grow tents, and indoor gardens.

Invest in the Vertical IR LED Grow Light today and see your plants thrive like never before.

#### Features:

Product Name: Vertical IR LED Grow Light

Daisy Chain: ≥200 PCS PPFD: 4060 Umol/m2/s PPE: 2.8 Umol/J

Input Voltage: 100-277VAC,50/60Hz

Power: 1500W

#### **Applications:**

The Vertical IR LED Grow Light product from ANROFU is designed to be used in a variety of occasions and scenarios. Its PPE of 2.8 Umol/J ensures that plants receive adequate light for growth and development. With dimensions of 2400\*1106\*65mm, the product is perfect for use in indoor vertical grow systems.

The Vertical IR LED Grow Light is used by high quality of heatsink that prevents overheating, ensuring that the product operates efficiently and safely. The product is also designed for daisy chain connections of up to 200 PCS, making it a great option for large-scale indoor growing operations.

The Vertical IR LED Grow Light product from ANROFU is an ideal solution for indoor gardening, particularly for those who want to optimize space utilization. It is perfect for growing potatoes, vegetables, and other plants. The product is also suitable for use in greenhouses, hydroponic systems, and other indoor growing environments.

With a warranty of 5 years, users can be confident in the quality and durability of the product. The Vertical IR LED Grow Light is a reliable and efficient option for indoor gardening, providing plants with the light they need to thrive.

#### **Support and Services:**

The Vertical IR LED Grow Light is a high-quality product designed to provide optimal lighting for indoor plants. Our technical support team is available to answer any questions you may have about the installation and use of the product. Additionally, we offer a range of services to help ensure that your grow light is functioning at its best, including:

Regular maintenance and cleaning

Replacement of faulty parts

Advice on plant care and growth

Customized lighting designs for specific plant needs

We are committed to providing excellent customer service and support for our Vertical IR LED Grow Light customers. Contact us today to learn more about how we can help you achieve healthy and vibrant indoor plants.
