

850W 2 Channel Dimmable Grow Lights For House Plants Full Spectrum LED Grow Lights For Indoor Plants CE ROHS Certified

Our Product Introduction

for more products please visit us on growled-light.com

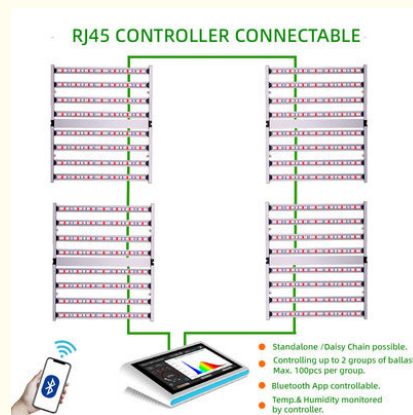

Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY82-850-2T2-110
- Minimum Order Quantity: 1
- Packaging Details: Carton Box :1140*600*125mm Gross Weight: 16.4kg/ctn
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000pcs per day

Product Specification

- Product Name: Grow Lights For House Plants
- Power: C/W:750W +UV:100W
- Input Voltage: 100-277VAC 50/60Hz
- Lumen Efficiency CRI: 160LM/W >80
- Dimmable: 0-10V Dimmer
- Material: Aluminum
- Full Spectrum: Full Spectrum White Light/288pcs +24pcs660nm+24pcs UV 395nm
- Coverage: 4x4ft
- Highlight: 850W Full Spectrum LED Grow Lights , LED Full Spectrum Grow Lights For Indoor Plants , 850W Full Spectrum LED Growing Lights

Product Description

850W 2 Channel Dimmable Grow Lights For House Plants Full Spectrum LED Grow Lights For Indoor Plants CE ROHS Certified

Product Description:

The body material of this LED Grow Light Panel is made of high-quality Aluminum. It is durable and has excellent heat dissipation, which ensures a longer lifespan for the grow light. With a power draw of 850W \pm 5%, this LED grow light is energy-efficient and reduces your electricity bill.

The LED chips used in this grow light are high-quality Samsung LED chips. These chips are known for their high efficiency, long lifespan, and excellent color rendering. With these LED chips, you can be assured that your plants will receive the perfect light spectrum for optimal growth.

The Full Spectrum LED Grow Light has a foldable design, which allows you to customize the light intensity and spectrum according to your plants' needs. You can control the light intensity and spectrum using the mobile app control feature that comes with the grow light. This feature allows you to adjust the light settings from anywhere, at any time.

This UV LED Grow Light emits various light spectrums, including red, white, and UV. The red and blue light spectrums promote vegetative growth, while the white light spectrum is ideal for flowering. The IR spectrum promotes cell division, and the UV spectrum promotes the production of essential oils and terpenes. With this grow light, you can be assured that your plants will receive all the necessary light spectrums for optimal growth and yield.

The Full Spectrum LED Grow Light is easy to install and comes with all the necessary accessories. The packing size of this grow light is 1140*600*125mm/1pc, which makes it easy to transport and store.

In conclusion, if you're looking for an efficient and reliable LED grow light for your indoor hydroponics or greenhouse plants, the Full Spectrum LED Grow Light is an excellent choice. With its high-quality Samsung LED chips, foldable design, mobile app control, and wide range of light spectrums, this grow light is perfect for promoting healthy growth and yield.

Features:

Product Name: Full Spectrum LED Grow Light

Lamp Power: 850W(LED)

Product Design: Foldable Design+ Dimmable Control

Led Chips: High-quality Samsung Chips

This Full Spectrum LED Grow Light is perfect for commercial LED grow lights and greenhouse LED grow lights. Its modular design and dimmable control make it easy to customize and control the light output. With a par value of 2.8 μ mol/J, this LED grow light panel is sure to provide optimal growth for your plants. The high-quality led chips ensure long-lasting and efficient performance.

Technical Parameters:

Product Name	850W LED Grow Light
Model number	HY82-850-2T2-110
Power	C/W:750W +UV:100W
Input voltage	100-277VAC 50/60Hz
LED Driver	UL CE Driver
Lumen	120000LM
Lumen efficiency CRI	160LM/W >80
Channel	2 channel
Dimmable	0-10V dimmer
PPFD (Photosynthetic Photon Flux Density) (380-780nm)	2100μmol/m²/s
PPE (Photosynthetic Photon Efficacy)	2.8μmol/J
Full spectrum	Full spectrum white light/288pcs +24pcs 660nm+24pcs UV 395nm
Coverage	4x4ft
Mounting height	≥ 6" (15.2cm) Above canopy
Supplementation time	Vegetative Stage: 12 - 14 hours on; Flowering Stage: 9-12 hours on; Fruiting Stage: 7-8 hours on.
PF	>0.95
THD	<15%
LED Bar	8 strips
Angle	120°
Housing color/Material	Silver/Aluminum
Product size	1100*1100mm
IP	IP54 (Indoor using)
Lifespan	>50,000H
Working Temperature	-20°C~+45°C
Operating Humidity	<95%
Storage Temperature	-40°C~+80°C
Input voltage(AC)	100 V 208 V 240 V 277 V
Input current at 100%	7.1A 4.2A 3.6A 2.8A

Applications:

The ANROFU Full Spectrum LED Grow Light is designed to cater to all stages of plant growth, including germination, vegetative growth, and flowering. The lamp power is 850W (LED) . The high-quality Samsung LED chips used in the product which helps the plant to absorb more energy during photosynthesis. The grow light is ideal for a wide range of plants, including fruits, vegetables, flowers, and herbs.

The Full Spectrum LED Grow Light is perfect for indoor gardening, hydroponics, and greenhouse applications. The grow light is easy to install and use, making it an ideal choice for beginners and professionals alike. The grow light is also energy-efficient, which means that it consumes less energy and saves on electricity bills. The product has a supply ability of 10000pcs per day, which ensures that customers receive their orders on time.

The Full Spectrum LED Grow Light comes with a packing size of 1140*600*125mm/1pc, making it easy to store and transport. With its high-quality LED chips and advanced technology, the ANROFU Full Spectrum LED Grow Light is an excellent investment for growers who want to improve their plant growth and yield. The product is available for purchase through T/T payment, providing a secure and reliable payment option for customers.

Support and Services:

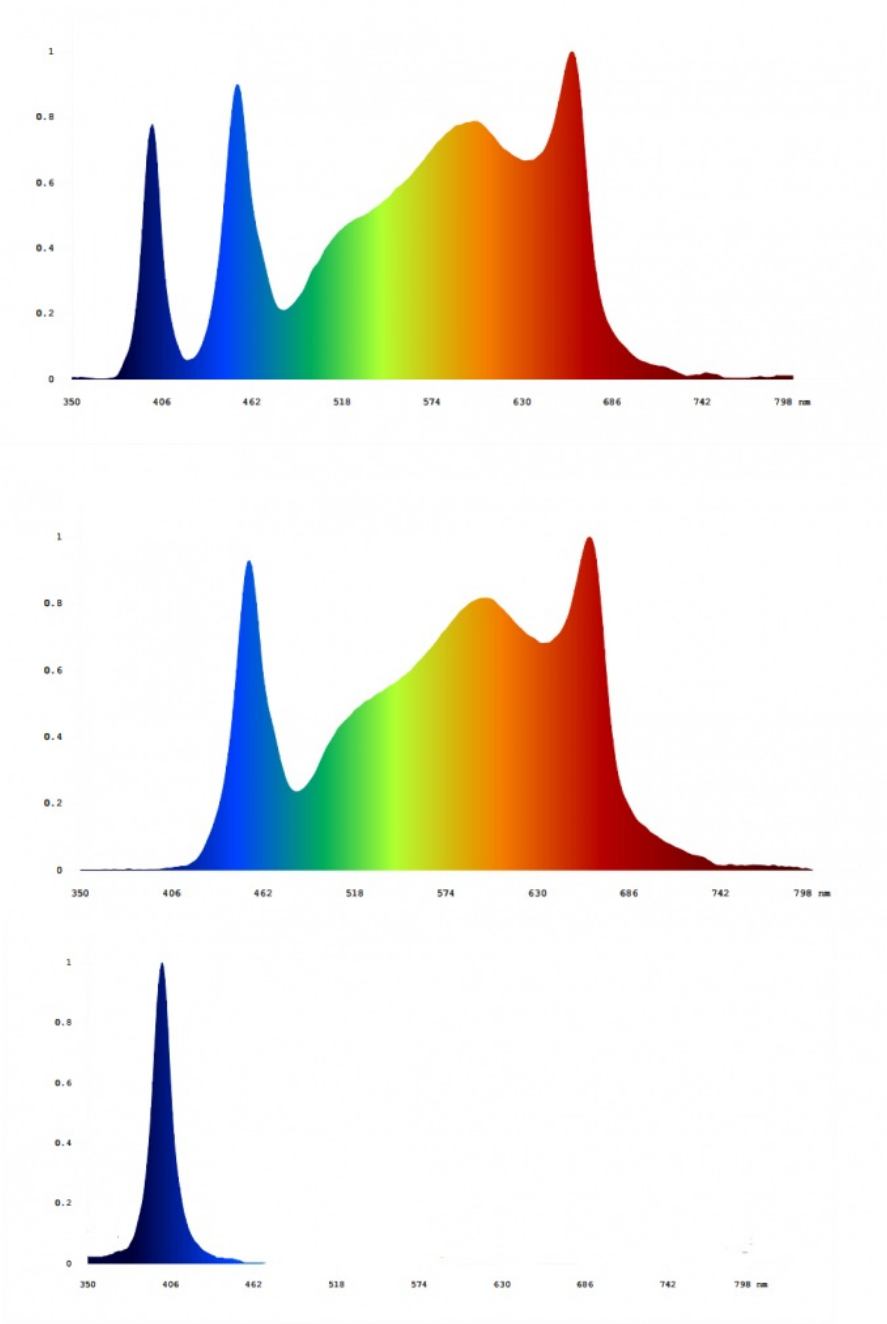

Our Full Spectrum LED Grow Light product comes with comprehensive technical support and services to ensure our customers get the most out of their purchase. Our team of experts is available to answer any questions and provide guidance on installation, operation, and maintenance of the product.

We offer a warranty on all our products and provide repair and replacement services as needed. We also offer customization services to tailor the product to your specific needs, and training services to help you get the most out of your grow light.

Our technical support and services are available through various channels, including phone, email, and online chat. We strive to provide

prompt and efficient service to ensure our customers are satisfied with their purchase.
