

Full Spectrum 24 Hours Timer LED Grow Light Controller

Our Product Introduction

for more products please visit us on growled-light.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC DLC ETL
- Model Number: HY-S290
- Minimum Order Quantity: 1
- Packaging Details: Carton Box :594*282*228mm (15pcs) Gross Weight: 11.18kg/ctn
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 PCS Per Day

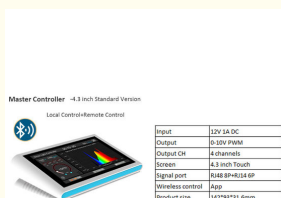

Product Specification

- Product Name: LED Grow Light Master Controller
- Input Voltage: DC12V 1A
- Output Voltage: 0-10V \pm 5% PWM
- Sigal Output: Output RJ-45 8P8C*1/RJ14 6P6C*1
- Work Temperature: 0 -40
- Working Humidity: 20%-85%
- Remote Control: Bluetooth
- Product Size: 142*93*31.6mm
- Highlight: Full Spectrum LED Grow Light Controller , LED Grow Light Controller 3000K

Product Description

Product Description:

The LED Grow Light Controller is an essential tool for any indoor gardener. It provides reliable and consistent performance, while also being easy to use and install. So if you want to achieve optimal plant growth in your indoor garden, be sure to invest in this high-quality LED grow light controller today!

Technical Parameters:

Agricultural Planting Intelligent Controller RJ14 RJ45 Smart Master Controller Touch Screen Grow Light Controller

Interface	MODEL / parameters
Signal output	OUT RJ-45 8P8C*1/RJ14 6P6C*1 (The definition can be found in the attached diagram)
Sensor signal input	Audio seat PJ393*1
DC IN	DC5.5*2.1

Applications:

The LED Grow Light Controller is perfect for various occasions and scenarios. For instance, it can be used in indoor gardening, hydroponics, and greenhouse farming. The device provides a reliable and efficient way to control LED grow lights, ensuring that your plants receive the right amount of light and nutrients they need to grow healthy and strong.

In summary, the LED Grow Light Controller from ANROFU is a must-have for anyone involved in indoor gardening, hydroponics, and greenhouse farming. It is efficient, reliable, and easy to use, and it comes with a 24-hour timer and different channel settings, making it perfect for various scenarios and occasions. Its waterproof rating and voltage settings make it suitable for use in different environments, providing an excellent solution for your plant growth needs.

Support and Services:

The LED Grow Light Controller is a sophisticated product that requires technical support and services for efficient and seamless operation. Our team of experts is available to provide comprehensive assistance with product setup, troubleshooting, and maintenance. We offer the following technical support and services:

- Installation guidance and support to ensure the product is set up correctly
- Assistance with product configuration and calibration to achieve optimal performance
- Troubleshooting services to identify and resolve any issues that may arise during product use
- Regular maintenance and firmware updates to ensure the product continues to function at its best

Our technical support team is dedicated to providing timely and effective solutions to any problems that may occur. Contact us for any assistance you may require with the LED Grow Light Controller.

Master Controller -4.3 inch Standard Version

Local Control+Remote Control

Input	12V 1A DC
Output	0-10V PWM
Output CH	4 channels
Screen	4.3 inch Touch
Signal port	RJ48 8P+RJ14 6P
Wireless control	App
Product size	142*93*31.6mm
