

Professional LED Grow Light Controller For Greenhouse Cultivation

Our Product Introduction

for more products please visit us on growled-light.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC DLC ETL
- Model Number: HY-S290
- Minimum Order Quantity: 1
- Packaging Details: Carton Box :594x282x228mm (15pcs) Gross Weight: 11.18kg/ctn
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 PCS Per Day

Product Specification

- Remote Control: Bluetooth
- Channel: 1/2/3 Channels
- Input Voltage: DC12V 1A
- Output Voltage: 0-10V \pm 5% PWM
- Sigal Output: Output RJ-45 8P8C*1/RJ14 6P6C*1
- Work Temperature: 0 -40
- Product Size: 142*93*31.6mm
- Working Humidity: 20%-85%
- Highlight: **240V LED Grow Light Controller, 3 Channels LED Grow Light Controller, LED Grow Room LED Light Controller**

Master Controller - 4.3 inch Standard Version	
Local Control-Remote Control	
Input	12V 1A DC
Output	0-10V PWM
Output CH	4 channels
Screen	4.3 inch Touch
Signal port	RJ45 8P+RJ14 6P
Wireless control	App
Product size	142*93*31.6mm

Product Description

Technical Parameters:

Agricultural Planting Intelligent Controller RJ14 RJ45 Smart Master Controller Touch Screen Grow Light Controller

Interface	MODEL / parameters
Signal output	OUT RJ-45 8P8C*1/RJ14 6P6C*1 (The definition can be found in the attached diagram)
Sensor signal input	Audio seat PJ393*1
DC IN	DC5.5*2.1

Applications:

The LED Grow Light Controller is specially designed to provide growers with a better way to manage their plants' growth and development. It is perfect for use in indoor gardening, hydroponics, greenhouses, and other indoor growing setups.

The Timer feature of the LED Grow Light Controller is a standout feature that is essential for plant growth. It has a 24-hour timer that allows growers to set the light cycle according to their plants' needs. The timer ensures that the plants receive the right amount of light and darkness to prevent damage and promote healthy growth.

The LED Grow Light Controller also comes in different Channel options, 1/2/3 Channels, which allows growers to control multiple LED grow lights at once, making it suitable for large-scale indoor growing operations. The channels make it easier for growers to customize the light spectrum and intensity according to the different stages of plant growth.

In summary, the ANROFU LED Grow Light Controller is the perfect product for growers who want to control their plants' growth and development. With its various features such as the Timer, Channel options, and the reliable Driver, it is suitable for different occasions and scenarios, including indoor gardening, hydroponics, greenhouses, and other indoor growing setups. Get your hands on this product today and experience the benefits of having a high-quality LED Grow Light Controller.

Master Controller -4.3 inch Standard Version

Local Control+Remote Control

Input	12V 1A DC
Output	0-10V PWM
Output CH	4 channels
Screen	4.3 inch Touch
Signal port	RJ48 8P+RJ14 6P
Wireless control	App
Product size	142*93*31.6mm
