

Durable Aluminum Quantum Board Heat Sink with Optimized Ventilation Aluminum Heatsink

Our Product Introduction

for more products please visit us on growled-light.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC DLC ETL
- Model Number: HY-299
- Minimum Order Quantity: 1
- Delivery Time: 3-5 working days
- Payment Terms: T/T
- Supply Ability: 10000 PCS Per Day

Product Specification

- Material: Aluminum
- Durability: Made With High-quality Materials For Long-lasting Use
- Size: Various Sizes Available
- Color: Black
- Design: Sleek And Modern Design
- Compatibility: Designed For Use With Quantum Board LED Lights
- Ventilation: Multiple Ventilation Holes For Improved Airflow
- Versatility: Can Be Used With Various Types Of Quantum Board LED Lights
- Highlight: **Optimized Ventilation Aluminum Heatsink, Aluminum Quantum Board Heat Sink,**

Product Description

Product Description:

In addition to its compatibility, the Quantum Board Heatsink is also versatile and can be used with various types of Quantum Board LED lights. This makes it an excellent choice for those who need a heatsink that can work with different lights or who may need to switch between different types of Quantum Board LEDs.

The Quantum Board Heatsink comes in a sleek and attractive silver color. The silver color not only looks great but also helps to dissipate heat more efficiently, keeping your lights cool and performing at their best.

The Quantum Board Heatsink is available in various sizes to fit your specific needs. Whether you need a larger heatsink for more powerful lights or a smaller one for more compact setups, there is a size that will work for you.

The Quantum Board Heatsink is made from high-quality aluminum, which is an excellent material for dissipating heat. This means that your lights will be able to operate at their maximum potential without overheating and causing damage to your setup.

Overall, the Quantum Board Heatsink is an excellent product that provides superior performance and versatility. Its compatibility with Quantum Board LEDs, sleek silver color, various sizes, and high-quality aluminum construction make it the perfect choice for anyone looking for a top-of-the-line heatsink for their Quantum Board LED lights.

Features:

Product Name: Quantum Board Heat Sink

Color: Silver

Versatility: Can Be Used With Various Types Of Quantum Board LED Lights

Material: Aluminum

Compatibility: Designed For Use With Quantum Board LED Lights

Durability: Made With High-quality Materials For Long-lasting Use

Technical Parameters:

Technical Parameter	Description
Product Name	Quantum Board Heat Sink
Durability	Made With High-quality Materials For Long-lasting Use
Material	Aluminum
Design	Sleek And Modern Design
Size	Various Sizes Available
Versatility	Can Be Used With Various Types Of Quantum Board LED Lights
Color	Silver
Ventilation	Multiple Ventilation Holes For Improved Airflow
Compatibility	Designed For Use With Quantum Board LED Lights

Applications:

The Quantum Board Heatsink is made from high-grade aluminum, ensuring durability and reliable heat dissipation. Its various sizes available can fit a wide range of Quantum Board LED lights, making it a versatile option for different applications.

The Quantum Board Heatsink is equipped with multiple ventilation holes, which improve airflow and enhance the heat dissipation process. This feature ensures that the Quantum Board LED lights remain cool, extending their lifespan and providing optimal performance.

The Quantum Board Heatsink's compatibility with Quantum Board LED lights makes it an ideal choice for indoor gardening, hydroponics, and other horticultural applications. It is also perfect for commercial and residential lighting, providing an efficient and reliable way to keep the lights cool.

Whether you're using a Quantum Board LED light for indoor gardening or commercial lighting, the Quantum Board Heatsink from ANROFU is an essential component that ensures optimal performance. Its sleek silver color adds a modern touch to any setup, while its reliable heat dissipation capabilities keep the Quantum Board LED lights cool and performing at their best.

Support and Services:

The Quantum Board Heat Sink is a high-quality and durable product designed to provide efficient heat dissipation for quantum boards. Our product technical support and services include:

- Expert technical assistance with installation and usage of the product.
- Troubleshooting and problem-solving for any issues that may arise.
- Regular maintenance and inspection services to ensure optimal performance.

- Comprehensive warranty coverage to protect your investment.

Our team of experienced professionals is dedicated to providing exceptional support and service for our customers. Contact us today to learn more about our Quantum Board Heat Sink product and how we can assist you.
