Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC DLC ETL
- Model Number: HY152-1600W-3S2-240
- Minimum Order Quantity: 1
- Packaging Details: Carton Box :1165*145*860mm Gross Weight: 24kg/ctn
- Delivery Time: 3-5 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000 PCS Per Day

Product Specification

- Product Name: 1600W LED Grow Light
- Power: C/W:1500W +UV:100W
- Input Voltage: 110-277VAC 50/60Hz
- Lumen Efficiency CRI: 160LM/W >80
- Material: Aluminum Alloy
- PPF (Photosynthetic Photon Flux Density) (380-780nm): 4200 μ mol/m²/s
- PPE (Photosynthetic Photon Efficacy): 2.8 μ mol/J
- Full Spectrum: Full Spectrum White Light+660nm+730nm+460nm+395nm
- Highlight: **UV IR Foldable LED Grow Light, 1600W LED Grow Light Foldable,**

Foldable Grow Light
Foldable Lighting Fixtures For Easier Installation

180 Degree Free Folding

180 degree illumination, no assembly required, unfolded and suspended for easy and convenient operation.

High Light Efficiency & High PPF

4200 μ mol/s Par Value
2.8 High Efficacy μ mol/J
5*8 FT Coverage

For Container Farm, Hydroponic Growing, Vertical Farm, Mini Garden

Product Description

Product Description:

The Foldable LED Grow Light is made from high-quality aluminum alloy and is built to last. The sturdy construction of this grow light ensures that it can withstand the rigors of daily use, while the foldable design makes it easy to store when not in use. This makes it a great choice for anyone who is looking for a high-quality grow light that is both durable and easy to use.

The full spectrum lighting provided by the Foldable LED Grow Light is perfect for all stages of plant growth. Whether you are starting seeds, growing seedlings, or cultivating mature plants, this grow light provides the right spectrum of light to help your plants thrive. This makes it an ideal choice for a wide range of indoor gardening applications.

The Foldable LED Grow Light operates on AC 110-277V voltage, making it compatible with most electrical systems. This makes it easy to set up and use, no matter where you live. Whether you are a seasoned gardener or a beginner, this grow light is easy to use and provides excellent results.

In summary, the Foldable LED Grow Light is a versatile and durable grow light that is perfect for indoor gardening. Whether you are growing herbs, vegetables, or flowers, this grow light provides the full spectrum lighting that your plants need to thrive. With its portable design, and folding botanical growth lamp, the Foldable LED Grow Light is an ideal choice for anyone who is looking for a high-quality grow light that is both easy to use and effective.

Features:

Product Name: Foldable LED Grow Light

Power: 1600W

Spectrum: Full Spectrum

Foldable: Yes

Voltage: AC 110-277V

Material: Aluminum Alloy

Introducing the Foldable Plant Growing Light, also known as the Compact Photosynthesis Illuminator or Collapsible LED Grow Light. This product boasts the following features:

Technical Parameters:

Product Name	1600W LED Grow Light
Model number	HY152-1600W-3S2-240
Power	C/W:1500W +UV:100W
Input voltage	110-277VAC 50/60Hz
LED Driver	UL CE Driver
Lumen	240000LM
Lumen efficiency CRI	160LM/W >80
Channel	2 channel
Dimmable	0-10V PWM Dimming
PPFD (Photosynthetic Photon Flux Density) (380-780nm)	4200μmol/m ² /s
PPE (Photosynthetic Photon Efficacy)	2.8μmol/J
Full spectrum	Full spectrum white light+660nm+IR 730nm+460nm+UV 395nm
Mounting height	≥ 6" (15.2cm) Above canopy
Supplementation time	Vegetative Stage: 12 - 14 hours on; Flowering Stage: 9-12 hours on; Fruiting Stage: 7-8 hours on.
Product size	2400*1100mm
PF	>0.95
THD	<15%
LED Bar	15 strips
Angle	120°
Housing color/Material	Silver/Aluminum
Coverage	5x8ft
IP	IP54 (Indoor using)
Lifespan	>50,000H
Working Temperature	-20°C~+45°C
Operating Humidity	<95%
Storage Temperature	-40°C~+80°C
Input voltage(AC)	110 V 220 V 240 V 277 V
Input current at 100%	14.5A 7.4A 6.8A 5.9A

Applications:

The Expandable Planting Spectrum LED is perfect for a variety of applications, including hydroponics, indoor gardening, greenhouse cultivation, and plant propagation. The light offers a Full Spectrum that is suitable for all stages of plant growth, from seedling to blooming. This means that you can use it for different types of plants, including fruits, vegetables, flowers, and herbs.

The Horticultural Lamp is designed to be flexible, so you can adjust it to different heights, depending on your plant's needs. The light is dimmable, which means you can control the brightness and intensity of the light. This is particularly useful when you have delicate plants that require lower light intensity or when you want to save energy.

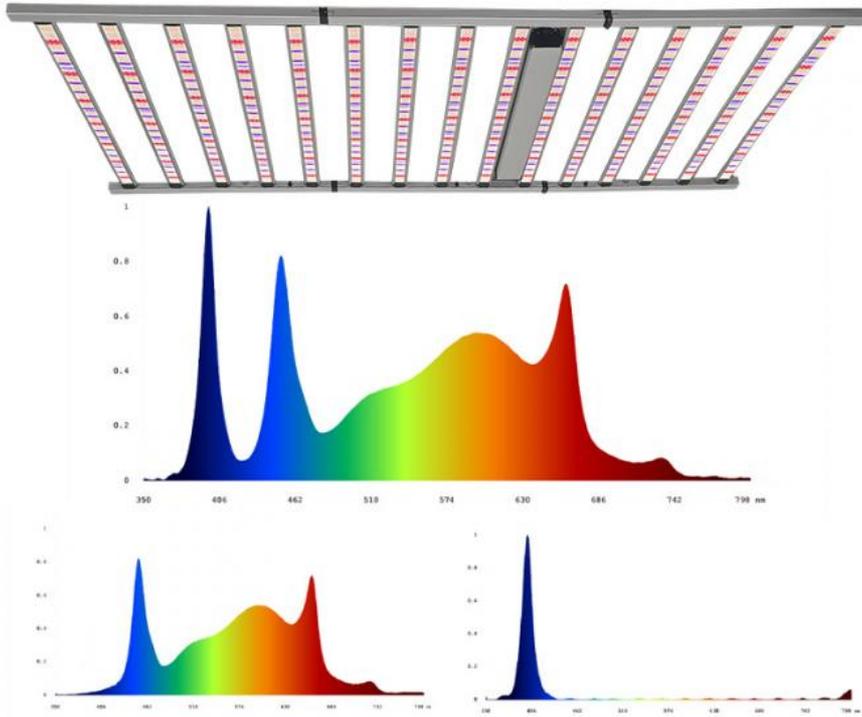

The Foldable LED Grow Light is easy to install and operate. You can plug it into any standard electrical outlet with AC 110-277V voltage, and it will work efficiently. The light is also designed to operate in a humid environment, with an operating humidity of <95%. This makes it suitable for use in greenhouses and other humid environments.

If you are looking for a reliable and efficient LED grow light for your plants, then the Foldable LED Grow Light from ANROFU is an excellent choice. You can order it with a minimum order quantity of 1, and it will be delivered to you within 3-5 days. The payment terms are T/T, which is a safe and secure way to pay for your purchase.

Support and Services:

In addition, we offer a range of services to ensure the longevity and performance of the product. These services include routine maintenance, repair, and replacement of any faulty parts. Our team of experts is dedicated to providing high-quality support and services to help you achieve the best results for your indoor garden.

It can be used in all stages of plant growth
