

Foldable 1200W LED Grow Light UV IR Energy Efficient For Indoor Gardening Compact LED Grow Light

Basic Information

- | | |
|---------------------------|---|
| ● Place of Origin: | CHINA |
| ● Brand Name: | ANROFU |
| ● Certification: | CE ROHS FCC DLC ETL |
| ● Model Number: | HY12-1200W-3C1-210 |
| ● Minimum Order Quantity: | 1 |
| ● Packaging Details: | Carton Box :1130*620*120mm Gross Weight: 21.2kg/ctn |
| ● Delivery Time: | 3-5 working days |
| ● Payment Terms: | T/T, Western Union, MoneyGram |
| ● Supply Ability: | 10000 PCS Per Day |

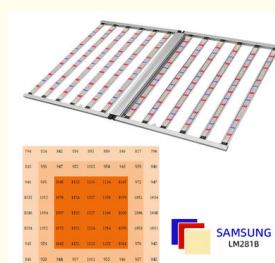

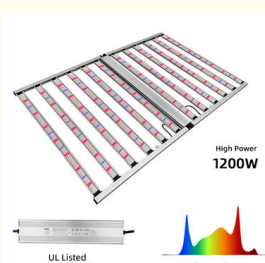

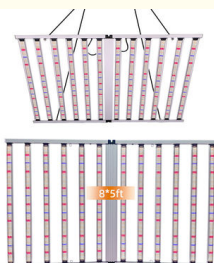

Product Specification

- | | |
|---|--|
| ● Product Name: | 1200W LED Grow Light |
| ● Power: | 1200W +/-5% |
| ● Input Voltage: | 100-277VAC 50/60Hz |
| ● Lumen Efficiency CRI: | 160LM/W >80 |
| ● PPE (Photosynthetic Photon Efficacy): | 2.8μmol/J |
| ● Full Spectrum: | Full Spectrum 392pcs 2835 White Light+35pcs 3030 660nm+7pcs 3030 730nm |
| ● Product Size: | 2100*1100mm |
| ● LED Bar: | 12 Strips |
| ● Highlight: | Foldable 1200W LED Grow Light, 1200W LED Grow Light UV IR |

Product Description

HY12-1200W-3C1-210 LED Grow Light Specification....

Product Description:

One of the key features of this Dimmable LED Grow Light is its power consumption of 1200W, making it an energy-efficient choice for indoor gardening. This means that it can provide the necessary light intensity for plant growth, while also keeping energy costs low. The 0-10V dimming allow for even greater energy savings, as the light can be adjusted to provide the ideal amount of light for the plants at any given time.

In summary, the Dimmable LED Grow Light is an innovative and efficient lighting solution for indoor gardening and hydroponics. Its Par value make it a durable and reliable choice for any indoor gardening setup. The energy-efficient power consumption and 0-10V dimming make it an eco-friendly choice that can save you money on energy costs. Invest in a Dimmable LED Grow Light today and watch your indoor plants thrive!

Technical Parameters:

Product Name	1200W LED Grow Light
Model number	HY12-1200W-3C1-210
Power	1200W +/-5%
Input voltage	100-277VAC 50/60Hz
LED Driver	UL CE Driver
Lumen	192000LM
Lumen efficiency CRI	160LM/W >80
PPFD (Photosynthetic Photon Flux Density) (380-780nm)	3360μmol/m ² /s
PPE (Photosynthetic Photon Efficacy)	2.8μmol/J
Dimmable	0-10V Dimmer
Channel	1 channel
Full spectrum	Full spectrum 392pcs 2835 white light+35pcs 3030 660nm+7pcs 3030 730nm
Mounting height	≥ 6" (15.2cm) Above canopy
Supplementation time	1. Vegetative Stage: 12 - 14 hours on; Flowering Stage: 9-12 hours on; Fruiting Stage: 7-8 hours on.
Product size	2100*1100mm
PF	>0.95
THD	<15%
LED Bar	12 strips
Angle	120°
Housing color/Material	Silver/Aluminum
Coverage	5x8ft
IP	IP54 (Indoor using)
Lifespan	>50,000H
Working Temperature	-20°C~+45°C
Operating Humidity	<95%
Storage Temperature	-40°C~+80°C
Input voltage(AC)	100 V 220 V 240 V 277 V
Input current at 100%	11A 5.5A 5A 4.4A

Applications:

The Dimmable LED Grow Light is a panel light that is designed to mimic the natural sunlight that plants need to grow and flourish. It is an ideal product for indoor gardening, as it provides the perfect light spectrum that plants need to photosynthesize effectively. The product's timer feature allows you to set the amount of time your plants receive light, ensuring that they are not overexposed to light.

The Dimmable LED Grow Light comes with a premium quality Driver, which ensures that the product is energy efficient. With a power consumption of only 1200W, this product is perfect for those who want to reduce their carbon footprint. The product also has a $2.8\mu\text{mol/J}$, which means that it can provide the perfect amount of light for your plants to grow and thrive.

The Dimmable LED Grow Light is perfect for all your indoor gardening needs. Whether you are growing herbs, vegetables, or flowers, this product is the perfect solution. Its dimmable feature allows you to adjust the light intensity, making it perfect for plants at different stages of growth.

If you are an indoor gardening enthusiast, then the Dimmable LED Grow Light is the perfect product for you. It is energy efficient, provides the perfect light spectrum, and has a timer feature that ensures your plants receive the right amount of light. So, go ahead and get yourself a Dimmable LED Grow Light today, and watch your plants grow and thrive like never before!

Support and Services:

The Dimmable LED Grow Lights product comes with technical support and services to ensure optimal performance and longevity of the product. Our support team is available to answer any questions or concerns you may have about the product, including installation, operation, and troubleshooting.

In addition, we offer a range of services to help you get the most out of your Dimmable LED Grow Lights. These include:

Custom lighting design and layout

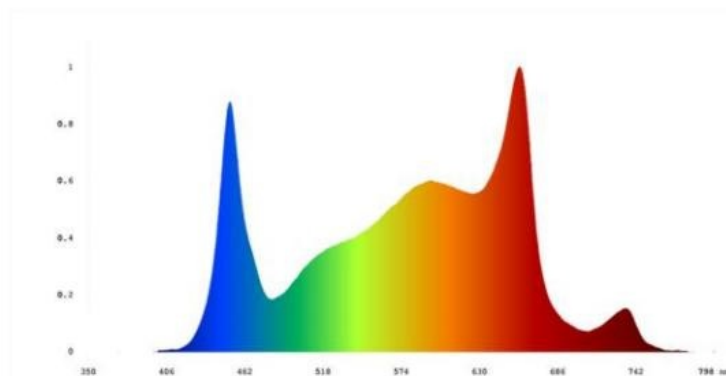

Product training and education

Warranty and repair services

Technical consulting and guidance

Our team of experts is committed to providing exceptional service and support to ensure that your Dimmable LED Grow Lights product meets your expectations and delivers the results you need.
