Product Specification

- Power: 1200W +/-5%
- Input Voltage: 110-277VAC 50/60Hz
- Lumen Efficiency CRI: 160LM/W >80
- Dimmable: 0-10V Dimming
- Full Spectrum: Full Spectrum 398pcs 2835 White Light+48pcs 2835 660nm+2pcs 2835 IR 730nm+2pcs 2835 UV 395nm
- Product Size: 2100*1100mm
- LED Bar: 12 Strips
- PPE (Photosynthetic Photon Efficacy): 2.8μmol/J
- Highlight: 1200W Dimming Grow Lights, Foldable Dimming Grow Lights, One Channel Dimming Grow Lights

Product Description

HY12-1200W-3F2-210 LED Grow Light Specification....

Product Description:

Our Dimmable LED Grow Light is equipped with Driver, ensuring that it is of the highest quality and built to last. This driver provides a consistent and stable source of power, allowing your plants to grow healthy and strong without any interruptions.

The included timer feature allows you to set specific intervals for your plants to receive light, ensuring that they are receiving the right amount of light at the right time. This feature is especially useful for those who are unable to provide consistent light to their plants due to their busy schedules.

The Dimmable LED Grow Light also comes with 0-10V dimming, allowing you to adjust the intensity of the light based on the specific needs of your plants. This feature is especially useful for those who are growing a variety of different plants with different light requirements.

Our product is not only a Grow Light, but also a Panel Light. This means that it can be used for a variety of different indoor lighting needs, making it a versatile and practical investment for any indoor gardener.

Our Dimmable LED Grow Light is also equipped with IoT technology, allowing you to control it from your smartphone or tablet. This feature provides you with the ultimate convenience, allowing you to monitor and adjust your grow lights from anywhere at any time.

In conclusion, our Dimmable LED Grow Light is the perfect solution for anyone looking to grow healthy and strong plants indoors. With its high-quality Driver, timer feature, dimming, and IoT technology, this product is sure to provide you with everything you need to take your indoor gardening to the next level. Don't wait any longer, invest in our Dimmable LED Grow Light today!

Features:

Product Name: Dimmable LED Grow Lights

Technical Parameters:

Product Name	1200W LED Grow Light
Model number	HY12-1200W-3F2-210
Power	1200W +/-5%
Input voltage	110-277VAC 50/60Hz
LED Driver	UL CE Driver
Lumen	192000LM
Lumen efficiency CRI	160LM/W >80
PPFD (Photosynthetic Photon Flux Density) (380-780nm)	3360μmol/S
PPE (Photosynthetic Photon Efficacy)	2.8μmol/J
Dimmable	0-10V dimmer
Channel	1 channel
Full spectrum	Full spectrum 398pcs 2835 white light+48pcs 2835 660nm+2pcs 2835 IR 730nm+2pcs 2835 UV 395nm
Mounting height	≥ 6" (15.2cm) Above canopy
Supplementation time	Vegetative Stage: 12 - 14 hours on; Flowering Stage: 9-12 hours on; Fruiting Stage: 7-8 hours on.
Product size	2100*1100mm
PF	>0.95
THD	<15%
LED Bar	12 strips
Angle	120°
Housing color/Material	Silver/Aluminium
Coverage	5x8ft
IP	IP54 (Indoor using)
Lifespan	>50,000H
Working Temperature	-20°C~+45°C
Operating Humidity	<95%
Storage Temperature	-40°C~+80°C
Input voltage(AC)	100 V 220 V 240 V 277 V
Input current at 100%	11A 5.5A 5A 4.4A

Applications:

The Dimmable LED Grow Light is perfect for use in a variety of settings, including home gardens, greenhouses, and indoor grow rooms. It can be used to grow a wide range of plants, from flowers and vegetables to herbs and succulents. This product is also ideal for those who want to start a small or large-scale indoor garden and want to have full control over the lighting conditions.

The Dimmable LED Grow Light is designed to be energy-efficient, consuming only 1200W of power. This makes it an eco-friendly and cost-effective option for those who want to grow plants indoors without using too much electricity. The light also has three dimming levels, which allow users to adjust the brightness according to the needs of their plants. This feature is particularly useful for those who have plants that require different lighting conditions at different stages of their growth.

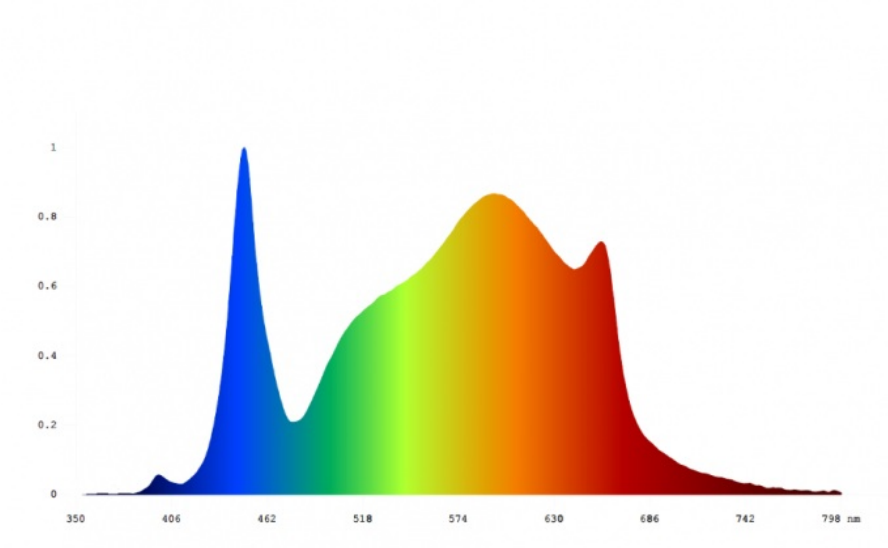

The Dimmable LED Grow Light also comes equipped with a timer, which makes it easy to set up and forget about. Users can program the light to turn on and off at specific times, ensuring that their plants receive the required amount of light each day. The timer feature also helps to conserve energy and ensure that the light is only on when it's needed.

In conclusion, the Dimmable LED Grow Light from ANROFU is a versatile and high-quality product that is perfect for a wide range of indoor growing scenarios. Its advanced IoT technology, low power consumption, and dimming and timer features make it an excellent choice for anyone who wants to grow plants indoors.

Support and Services:

The Dimmable LED Grow Lights product offers technical support and services to ensure the proper use and functioning of the product. Our team of experts can provide assistance with installation, operation, and troubleshooting of the grow lights. Additionally, we offer maintenance and repair services to keep the product in top condition. Our technical support and services are available to help customers maximize the benefits of the Dimmable LED Grow Lights and achieve optimal plant growth.
