

## 2 Channel Detachable LED Grow Light 1060W Dimmable LED Lights For Growing Vegetables Indoors

Our Product Introduction

for more products please visit us on [growled-light.com](http://growled-light.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY122-1060W-D9-110
- Minimum Order Quantity: 1
- Packaging Details: Carton Box :1160\*295\*280MM Gross Weight: 16kg/ctn
- Delivery Time: 3-5 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 10000pcs per day

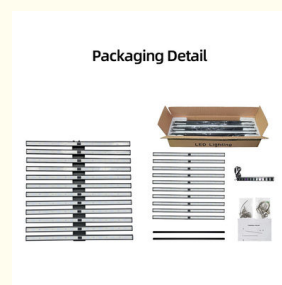

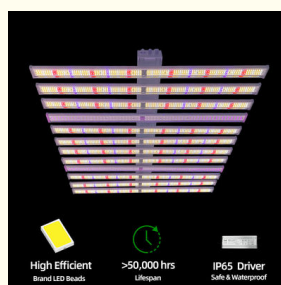

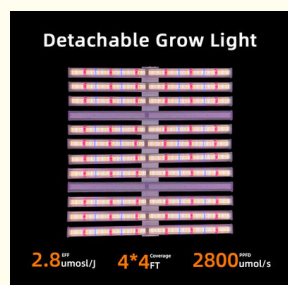

### Product Specification

- Input Voltage: 110-277VAC 50/60Hz
- Power: C/W:1000W +UV:60W
- PPFD (Photosynthetic Photon Flux Density) (380-780nm): 2800 $\mu$ mol/m<sup>2</sup>/s
- PPE (Photosynthetic Photon Efficacy): 2.8 $\mu$ mol/J
- Dimmable: 0-10V Dimming
- Lifespan: 50,000 Hours
- Full Spectrum: Full Spectrum White Light+460nm+660nm+IR 730nm+UV 395nm
- Material: Aluminum Alloy
- Highlight: 2 Channel Detachable LED Grow Light, Detachable LED Grow Light 1060W,

## Product Description

### 2 Channel 1060W Dimmable Detachable LED Grow Light The Ultimate Tool For Successful Plant Growth

#### Product Description:

One of the most significant advantages of the Detachable LED Grow Light is its versatility. This product can be installed by either hanging or clipping, allowing users to choose the installation method that best suits their needs. The installation process is straightforward, and the product comes with all the necessary hardware, making it easy to set up and use.

One of the best things about the Detachable LED Grow Light is its detachable design. This feature allows you to easily remove the light from its base and move it to different locations as needed. This is especially useful if you have multiple plants that require different levels of light or if you want to move the light to a different room.

The Detachable LED Grow Light is made of high-quality materials, including aluminum alloy, which ensures its durability and longevity. The use of these materials also makes the product lightweight, making it easy to move and adjust as needed.

The Detachable LED Grow Light comes with two LED colors, red and blue. The red light is designed to stimulate plant growth, while the blue light promotes healthy foliage. The combination of these two colors provides the perfect spectrum of light for plants to thrive and grow. The LED lights have a lifespan of up to 50,000 hours, making this product a long-term investment for any indoor gardener.

The Detachable LED Grow Light is an excellent investment for anyone who wants to grow plants indoors. Its versatility, durability, and efficient lighting system make it the perfect solution for any indoor gardener. The product's adjustable angle, and the combination of red and blue LED lights make it highly efficient and effective, ensuring that your plants receive the optimal amount of light they need to thrive. The Detachable LED Grow Light is truly a must-have for any indoor gardener.

#### Technical Parameters:

Product Name	1060W LED Grow Light
Model number	HY122-1060W-D9-110
Power	C/W:1000W +UV:60W
Input voltage	110-277VAC 50/60Hz
LED Driver	UL CE Driver
Lumen	160000LM
Lumen efficiency CRI	160LM/W >80
PPFD (Photosynthetic Photon Flux Density) (380-780nm)	2800 $\mu$ mol/m <sup>2</sup> /s
PPE (Photosynthetic Photon Efficacy)	2.8 $\mu$ mol/J
Dimmable	0-10V Dimming
Channel	2 channel
Full spectrum	Full spectrum white light+460nm+660nm+ IR 730nm+UV 395nm
Coverage	4x4ft
Mounting height	≥ 6" (15.2cm) Above canopy
Supplementation time	Vegetative Stage: 12 - 14 hours on; Flowering Stage: 9-12 hours on; Fruiting Stage: 7-8 hours on.
Product size	1100*1040MM
PF	>0.95
THD	<15%
LED Bar	12 strips
Angle	120°
Housing color	Silver
Material	Aluminum
IP	IP54 (Indoor using)

Lifespan	>50,000H
Working Temperature	-20°C~+45°C
Operating Humidity	<95%
Storage Temperature	-40°C~+80°C
Input voltage(AC)	120 V 208 V 240 V 277 V
Input current at 100%	8.8A 5.2A 4.5A 3.9A

### Applications:

The Detachable LED Grow Light can be used in a variety of occasions and scenarios. It is perfect for use in greenhouses, indoor gardens, hydroponic systems, and other indoor growing environments. The ANROFU Detachable LED Grow Light can be used to grow a variety of plants including vegetables, herbs, flowers, and more. Its lifespan of 50,000 hours ensures that it will last for years, providing consistent and reliable performance.

The installation of the ANROFU Detachable LED Grow Light is simple and convenient. The materials used in the construction of the light include aluminum alloy, which makes it durable and long-lasting. The input voltage of the ANROFU Detachable LED Grow Light is AC100-277V, with a frequency of 50/60Hz, making it suitable for use in a variety of countries and regions.

The ANROFU Detachable LED Grow Light is an excellent choice for anyone who wants to grow healthy and vibrant plants indoors. Its detachable design makes it easy to move and adjust as needed, while its high-quality construction and reliable performance ensure that it will provide years of use. Whether you are a beginner or an experienced indoor gardener, the ANROFU Detachable LED Grow Light is the perfect solution for all your indoor growing needs.

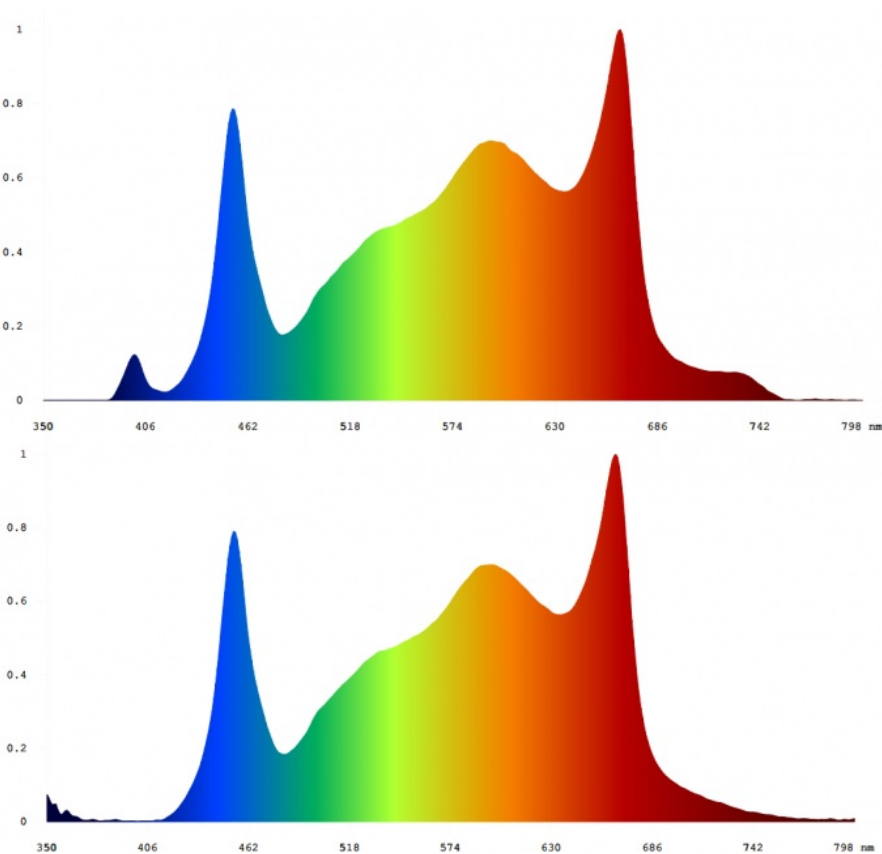

### Support and Services:

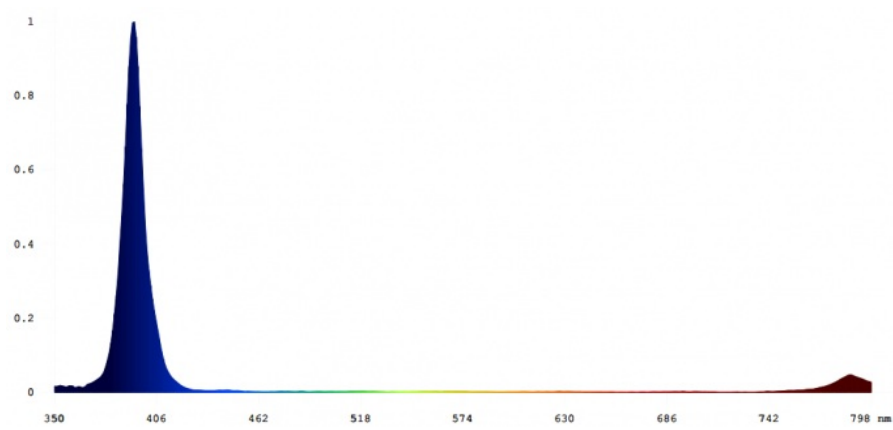

Our Detachable LED Grow Light is designed to provide optimal lighting for indoor plants. If you have any technical questions or issues with your product, our technical support team is available to assist you.

Additionally, we offer various services to ensure that your grow light is functioning properly and meeting your needs. These services include maintenance and repair options, as well as consultations with our experts to help optimize your indoor gardening setup.

We are dedicated to providing excellent customer service and ensuring that our customers have a positive experience with our products. Please do not hesitate to reach out to us for any support or services you may need.
