

18W/36W T8 LED Grow Light Tube for Lettuce Mushroom Hydroponic Indoor Growing Stand 70lm/w Efficiency

Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY-S05
- Minimum Order Quantity: 1
- Delivery Time: 3-5 working days
- Payment Terms: T/T
- Supply Ability: 10000pcs per day

Product Specification

- Luminous Efficacy($\mu\text{mol/J}$): 2.1 $\mu\text{mol/J}$
- Lamp Luminous Efficiency(lm/w): 70
- Input Voltage: AC85-265V
- Lifespan: 30000 Hours
- Certifications: FCC,CE,UKCA,PSE,ROHS
- Power: 18W/36W
- Full Spectrum: Spectrum White+660nm
- Light Distribution: 120 °
- Highlight: **Mushroom LED Grow Light Tube,**
Hydroponic LED Grow Light Tube,
Lettuce LED Grow Light Tube

Product Description

Product Description:

This LED Grow Light Tube operates with an input voltage of AC85-265V, providing a reliable and efficient source of power that ensures optimal performance. Additionally, this grow light tube is equipped with a 120° light distribution, allowing for even coverage and an enhanced growing experience.

One of the standout features of this LED Grow Light Tube is its lamp luminous efficiency of 2.1 $\mu\text{mol/J}$. This high level of efficiency means that your plants can receive the necessary light they need to grow and thrive, even in an indoor environment. The 18W power output of this grow light tube also ensures that your plants receive ample light without consuming too much energy.

Another noteworthy feature of this LED Grow Light Tube is its voltage range of 100-277V. This voltage range makes it compatible with a wide range of electrical systems, providing added convenience and flexibility for indoor gardeners.

In conclusion, the LED Grow Light Tube is a must-have product for anyone looking to cultivate healthy and thriving plants indoors. With its high-performance features and reliable design, this grow light tube is sure to exceed your expectations and deliver exceptional results. Order yours today and take the first step towards a successful indoor gardening experience!

Features:

Product Name: LED Grow Light Tube

Ip Grade: IP65

Voltage: 100-277V

Light Distribution: 120 °

Ppe: 280 $\mu\text{mol/J}$

Input Voltage: AC85-265V

Technical Parameters:

Product Name	LED Grow Light Tube
Ppe	280 $\mu\text{mol/J}$
Input Voltage	AC85-265V
Voltage	100-277V
Certifications	FCC,CE,UKCA,PSE,ROHS
Lamp Lumincus Efficiency	2.1 $\mu\text{mol/J}$
Light Distribution	120 °
Ip Grade	IP65
Lumen Output	70LM/W
Lifetime	30,000hrs
Power	18W

Applications:

The LED Grow Light Tube is perfect for use in indoor farms, greenhouses, and other planting environments, where natural light is insufficient or unavailable. It can also be used for hydroponic gardening, and other planting setups requiring artificial lighting.

Thanks to its IP40 grade, this product is waterproof and can be used safely in humid environments. Its voltage range of 100-277V makes it adaptable to various power environments in different regions.

With certifications such as CE, ROHS, FCC, ETL, and DLC, the product meets strict safety and performance standards. Customers can order a minimum quantity of 1 unit and expect delivery within 3-5 working days upon payment via T/T.

The ANROFU HY-S05 LED Grow Light Tube is the perfect product for promoting indoor plant growth and development. Its reliable performance, adaptability, and certifications make it a top choice for indoor planting enthusiasts and professionals alike. Order now and experience the difference that the LED Grow Light Tube can make for your plants!

Customization:

Brand Name: ANROFU
Model Number: HY-S05
Place of Origin: CHINA
Certification: CE ROHS FCC ETL DLC
Minimum Order Quantity: 1
Delivery Time: 3-5 working days
Payment Terms: T/T
Supply Ability: 10000pcs per day
Ip Grade: IP40
Lifetime: > 30,000hrs
Lumen Output: 70LM/W
Lamp Lumincus Efficiency: 2.1 $\mu\text{mol/J}$
Voltage: 100-277V

Support and Services:

Our LED Grow Light Tube is designed to provide high-quality light for indoor plant growth. It is built with energy-efficient LED technology that delivers a full spectrum of light to promote healthy plant growth. The product features a durable, lightweight construction that makes it easy to install and use.

With our product technical support and services, we offer a guaranteed warranty and prompt customer support to ensure that customers have a hassle-free experience. Our knowledgeable team is available to answer any questions and provide assistance with installation, troubleshooting, and maintenance.

Our services also include customized solutions for specific plant growth requirements. We can work with customers to design a tailored lighting system to optimize plant growth based on the plant species, growth stage, and environmental conditions. Our team of experts can also provide guidance on the best practices for using the LED Grow Light Tube to achieve optimal results.
