

## IP65 18W 30W 36W T8 LED Grow Tube Light SMD2835 Blue and Red Custom Spectrum Light LED Commercial Grow Light Ppe 2.1 $\mu$ mol/J

### Our Product Introduction

for more products please visit us on [growled-light.com](http://growled-light.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY-S06
- Minimum Order Quantity: 1
- Delivery Time: 3-5 working days
- Payment Terms: T/T
- Supply Ability: 10000pcs per day

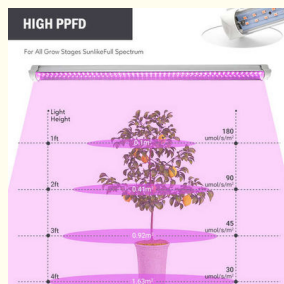

#### Product Specification

- Material: Aluminum+PC
- Ip Grade: IP65
- Lifetime: 30,000hrs
- Input Voltage: AC85-265V
- Power: 36W
- Certifications: FCC,CE,UKCA,PSE,ROHS
- PPFD $\mu$ mol/(m<sup>2</sup>·s): 70
- Ppe: 2.1 $\mu$ mol/J
- Highlight: 18W LED Grow Tube Light, 30W LED Grow Tube Light, 36W LED Grow Tube Light

## Product Description

### Product Description:

Not only does the LED Grow Light Tube provide high lumen output, but it also boasts a PPE of 2.1  $\mu\text{mol/J}$ , making it one of the most efficient grow lights on the market. This means that your plants will receive the right amount of light to support photosynthesis while minimizing energy consumption, leading to lower electricity bills.

With an input voltage of AC85-265V, the LED Grow Light Tube is a versatile lighting solution suitable for a wide range of indoor growing environments. Whether you're growing plants in a small closet or a large warehouse, this grow light tube can be easily installed and adjusted to meet your needs.

Not only is the LED Grow Light Tube efficient and versatile, it's also safe and reliable. This grow light tube has passed certifications from FCC, CE, UKCA, PSE, and ROHS, ensuring that it meets safety and environmental standards in different parts of the world.

Whether you're a seasoned indoor gardener or just starting out, the LED Grow Light Tube is a must-have lighting solution that will help your plants thrive. With its high lumen output, efficient PPE, and versatile voltage range, this grow light tube is perfect for a wide range of indoor growing environments. Plus, with its safety certifications, you can be sure that you're using a reliable and safe product.

### Features:

Product Name: LED Grow Light Tube  
Lamp Lumincus Efficiency: 2.1  $\mu\text{mol/J}$   
Lifetime: 30,000hrs  
Voltage: 100-277V  
Lumen Output: 70LM/W  
Power: 36W

### Technical Parameters:

Technical Parameters	Value
Product Name	LED Grow Light Tube
Power	36W
Input Voltage	AC85-265V
Material	Aluminum + PC
IP Grade	IP65
Certifications	FCC,CE,UKCA,PSE,ROHS
Light Distribution	120 °
Length	600mm / 900mm / 1200mm / 1500mm
PPE	2.1 $\mu\text{mol/J}$
Lumen Output	70LM/W
Lifetime	30,000hrs

### Applications:

The LED Grow Light Tube is versatile and can be used in a variety of occasions and scenarios. For indoor gardening, this product is ideal for providing plants with the necessary light for photosynthesis, making it perfect for greenhouses, hydroponic systems, and grow tents. The LED Grow Light Tube is also perfect for use in plant factories, where plants are grown year-round in a controlled environment. With its IP65 rating, this product is resistant to water and dust, making it suitable for use in damp environments.

Thanks to its high lumen output of 70LM/W and low power consumption of 36W, the LED Grow Light Tube is energy-efficient and environmentally friendly. It is also compatible with a wide voltage range of 100-277V, making it suitable for use in many different countries and regions. With a supply ability of 10,000pcs per day, ANROFU's LED Grow Light Tube is a reliable and accessible lighting solution for anyone looking to grow plants indoors.

Customers can purchase this product using T/T as their payment method. The LED Grow Light Tube is FCC, CE, UKCA, PSE, and ROHS certified, ensuring its quality and safety. Whether you're a hobbyist or a commercial grower, the LED Grow Light Tube is a cost-effective and efficient lighting solution that will help your plants grow healthy and strong.

### Customization:

---

Our LED Grow Light Tube has a lumen output of 70LM/W, and a PPE of 2.1 $\mu$ mol/J. It has a voltage range of 100-277V and a lifetime of 30,000hrs.

We offer fast delivery times of only 3-5 working days and accept payment via T/T.

Choose ANROFU's LED Grow Light Tube for all your indoor plant cultivation needs!

### Support and Services:

---

Our LED Grow Light Tube product is designed to provide the optimal lighting conditions for indoor plants, allowing them to grow and thrive. We offer technical support and services to ensure that our customers are able to get the most out of their LED Grow Light Tube, including assistance with installation and troubleshooting any issues that may arise. Our team of experts is available to answer any questions and provide guidance on how to use the LED Grow Light Tube effectively. We are committed to providing reliable and high-quality products and services to help our customers achieve their gardening goals.
