

UFO Type Epistar Chips Full Spectrum LED Grow Light with Aluminum Body Material

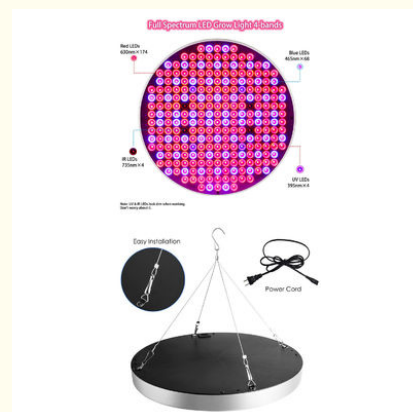

Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY-UFO50W
- Minimum Order Quantity: 1
- Delivery Time: 3-5 working days
- Payment Terms: T/T
- Supply Ability: 10000pcs per day

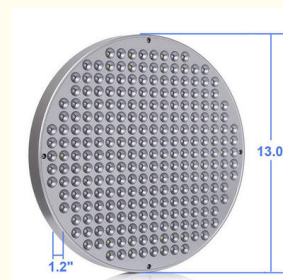

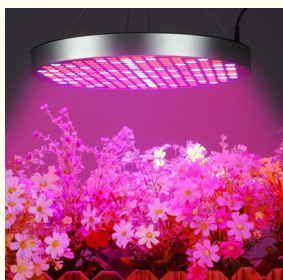

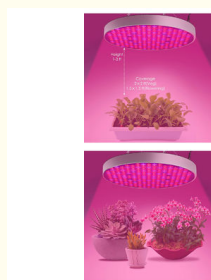

Product Specification

- Product Name: UFO LED Grow Light
- Voltage: DC12V
- Power: 50W(LED)
- Body Material: Aluminum
- Led Chips: High-quality Epistar
- Product Size: $\Phi 330 \times 35$ mm
- Weight: 1kg
- Lumen: 4000LM
- Highlight: Full Spectrum LED Grow Light, Aluminum Body Material LED Grow Light, UFO Type LED Grow Light

Product Description

Product Description:

The Full Spectrum LED Grow Light is a top-of-the-line lighting solution designed specifically for greenhouse LED grow lights. With its powerful features and innovative design, this product is perfect for indoor gardening enthusiasts looking to maximize their plant growth and yield.

One of the key selling points of this Full Spectrum LED Grow Light is its Power Draw of 50W \pm 3%, ensuring efficient energy consumption without compromising on performance. This means you can enjoy cost savings on your electricity bill while still providing your plants with the optimal light they need to thrive.

The packing size of this Full Spectrum LED Grow Light is compact and easy to store, making it ideal for small spaces or grow rooms. Despite its size, this grow light packs a punch with its high-quality Epistar LED chips, known for their durability and efficiency in providing consistent light output.

With a lamp power of 50W(LED), this Full Spectrum LED Grow Light delivers a powerful and uniform light spectrum that is essential for all stages of plant growth. Whether you are germinating seeds, promoting vegetative growth, or encouraging flowering and fruiting, this grow light has got you covered.

In conclusion, the Full Spectrum LED Grow Light is a must-have for any indoor gardener looking to take their plant growth to the next level. With its energy-efficient design, modular features, and high-quality LED chips, this grow light is a reliable and effective lighting solution for a wide range of plants and applications.

Features:

Product Name: Full Spectrum LED Grow Light

Voltage: 12V

Power : 50W

LED Chip Quantity: 250pcs

Product size: Φ 330*35(mm)

Weight:1kg

Applications:

One of the primary product application occasions for this LED grow light is in greenhouse settings. The Full Spectrum LED Grow Light provides the ideal light spectrum needed for all stages of plant growth, making it suitable for a wide range of crops. Whether used in commercial greenhouse operations or small-scale indoor gardens, this product ensures optimal growth conditions for plants.

Another key scenario where the ANROFU LED Grow Light excels is in indoor farming setups. The modular design of the light allows for easy installation and customization, making it a convenient choice for indoor growers looking to maximize space and efficiency.

Thanks to its certification (CE ROHS FCC ETL DLC) and durable body material (Aluminum), this LED grow light guarantees safety and longevity, making it a reliable choice for long-term use.

Whether you are looking to boost crop yields in a commercial greenhouse, optimize indoor farming operations, or enhance plant growth in a controlled environment, the ANROFU Full Spectrum LED Grow Light is a versatile and effective lighting solution. With a minimum order quantity of 1 and fast delivery time of 3-5 working days, this product offers convenience and flexibility. Payment terms of T/T and a supply ability of 10000pcs per day further make it a convenient choice for growers of all scales.

Enhance your growing experience with the ANROFU Full Spectrum LED Grow Light – the ultimate lighting solution for greenhouse and indoor farming applications!

Support and Services:

Our Product Technical Support and Services for the Full Spectrum LED Grow Light include:

- Expert assistance with product setup and installation
- Troubleshooting guidance for any technical issues
- Warranty information and support for product defects
- Recommendations for optimal usage and maintenance
- Access to online resources such as user manuals and FAQs

FAQ:

Q: What is the brand name of this LED grow light?

A: The brand name is ANROFU.

Q: What is the model number of this LED grow light?

A: The model number is HY-UFO50W.

Q: Where is this LED grow light manufactured?
A: This LED grow light is manufactured in China.
Q: What certifications does this LED grow light have?
A: This LED grow light is certified with CE, ROHS, FCC, ETL, and DLC.
Q: What is the minimum order quantity for this LED grow light?
A: The minimum order quantity is 1.
Q: What is the delivery time for this LED grow light?
A: The delivery time is 3-5 working days.
Q: What are the payment terms for purchasing this LED grow light?
A: The payment terms are T/T.
Q: What is the supply ability of this LED grow light?
A: The supply ability is 10000pcs per day.
