

## Commercial Farming UFO Full Spectrum LED Grow Light 50W with 250pcs Epistar Led Chips Voltage DC12V

Our Product Introduction

for more products please visit us on [growled-light.com](http://growled-light.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY-UFO50W
- Minimum Order Quantity: 1
- Delivery Time: 3-5 working days
- Payment Terms: T/T
- Supply Ability: 10000pcs per day

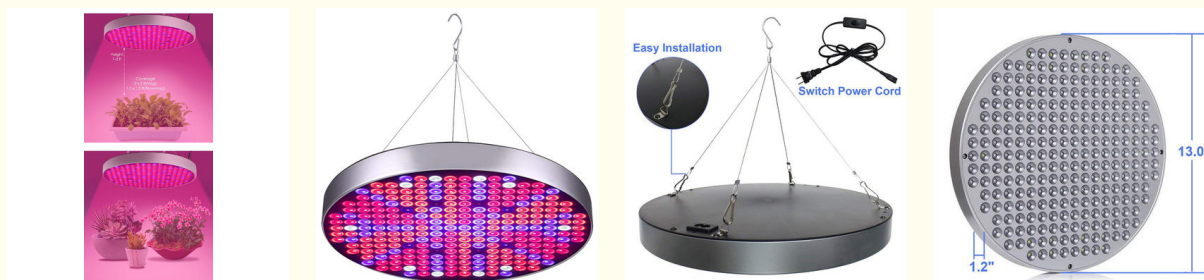

### Product Specification

- Led Chips: High-quality Epistar
- Lamp Power: 50W(LED)
- Voltage: DC12V
- Body Material: Aluminum
- Lumen: 4000LM
- Waterproof: IP44
- LED Chip Quantity: 250pcs
- Weight: 1kg
- Highlight: 50W Full Spectrum LED Grow Light, Farming UFO LED Grow Light, Commercial UFO LED Grow Light

## Product Description

### Product Description:

The Full Spectrum LED Grow Light Panel is a versatile and efficient lighting solution ideal for both amateur and professional growers. Equipped with a lamp power of 50W(LED), this Greenhouse LED Grow Light provides ample lighting for plants at different growth stages. The high-quality Epistar LED chips ensure a reliable and consistent light output, promoting healthy plant growth and maximizing yield.

One of the key features of this Full Spectrum LED Grow Light is its impressive Par Value. With a Par Value of 260umol/1m and 170umol/1.5m, this grow light delivers the right amount of light intensity for optimal photosynthesis, ensuring that your plants receive the necessary light energy for robust growth.

Whether you are growing herbs, vegetables, or flowers, this LED grow light panel offers a full spectrum of light that mimics natural sunlight, providing a balanced light spectrum that promotes healthy plant development. From seedling to flowering, this grow light has you covered at every stage of the growth cycle.

The compact design of this Full Spectrum LED Grow Light makes it easy to install and adjust, allowing you to customize the lighting setup according to the specific needs of your plants. Whether you are growing in a small grow tent or a larger greenhouse, this LED grow light panel can adapt to different growing environments.

Investing in a high-quality LED grow light like this Full Spectrum LED Grow Light is a cost-effective and energy-efficient solution for indoor growers. By providing the right amount of light output and spectrum, this grow light can help you achieve higher yields and healthier plants, all while reducing energy consumption and operating costs.

Overall, the Full Spectrum LED Grow Light with its high-quality Epistar LED chips, impressive Par Value, and full spectrum light output is a reliable and efficient lighting solution for indoor growers looking to maximize their plant growth and yield. Whether you are a hobbyist or a commercial grower, this LED grow light panel is a valuable addition to any indoor growing setup.

### Features:

Product Name: Full Spectrum LED Grow Light

Voltage: DC12V

Power: 50W

Product size :  $\Phi 330 \times 35$ (mm)

Waterproof: IP40

Weight: 1kg

### Applications:

With its powerful 50W, this Full Spectrum LED Grow Light is ideal for promoting healthy plant growth and maximizing yields.

For commercial growers looking to optimize their production, this LED Grow Light is a perfect choice. Its certification including CE, ROHS, FCC, ETL, and DLC ensures compliance with industry standards and regulations. With a Supply Ability of 10000pcs per day, you can easily scale up your operation with this reliable and efficient lighting solution.

Greenhouse operators will also benefit from the ANROFU HY-UFO50W LED Grow Light. The Full Spectrum lighting provided by this product mimics natural sunlight, creating the ideal growing environment for a wide range of crops. The compact Packing Size makes it easy to install and adjust the lighting layout in greenhouse settings.

Home gardeners looking to grow plants indoors can also take advantage of this Full Spectrum LED Grow Light. With a Minimum Order Quantity of just 1 unit and a fast Delivery Time of 3-5 working days, you can quickly set up your indoor garden and start enjoying the benefits of professional-grade lighting.

Overall, the ANROFU HY-UFO50W Full Spectrum LED Grow Light is a reliable and efficient lighting solution suitable for a wide range of Product Application Occasions and Scenarios. Whether you are a commercial grower, a greenhouse operator, or a home gardener, this product is designed to meet your needs and help you achieve successful plant growth.

### Support and Services:

Our Full Spectrum LED Grow Light product comes with comprehensive product technical support and services to ensure optimal performance and customer satisfaction. Our team of experts is available to assist with any product-related queries, troubleshooting, or technical issues that may arise. Additionally, we offer installation guidance, product maintenance tips, and warranty support to guarantee a smooth and efficient user experience.

### FAQ:

**Q: What is the brand of this LED grow light?**

**A:** The brand of this LED grow light is ANROFU.

**Q: What is the model number of this LED grow light?**

**A:** The model number of this LED grow light is HY-UFO50W.

**Q: Where is this LED grow light manufactured?**

**A:** This LED grow light is manufactured in China.

**Q: What certifications does this LED grow light have?**

**A:** This LED grow light is certified with CE, ROHS, FCC, ETL, and DLC.

**Q: What are the payment terms for purchasing this LED grow light?**

**A:** The payment terms for purchasing this LED grow light are T/T.
