Basic Information

- Brand Name: ANROFU
- Certification: FDA/FCC/CE/ROHS/UL/SAA/C - TICK
- Model Number: M350
- Minimum Order Quantity: 1
- Packaging Details: 33*23*8CM 3.6KG/pcs
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union
- Supply Ability: 10000pcs/ day

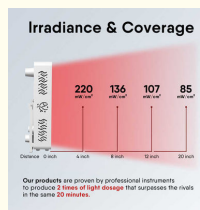

Product Specification

- Wavelength: 660nm:850nm=1:1 (Red+Infrared) Customize
- Usage: Pain Relief, Muscle Recovery, Skin Rejuvenation
- Light Source: Infrared LED
- Type: Infrared Light Therapy Device
- LED Quantity: 70pcs 5w Led Chips
- Power: 350W
- Treatment Area: 4-20 Inches
- Certifications: FDA, CE, RoHS
- Highlight: Overheating Protection Infrared Light Therapy Devices, LED Infrared Light Therapy Devices

Product Description

Product Description:

The Infrared Therapy Light is a cutting-edge device that harnesses the power of IR Infrared LED technology to provide effective and targeted light therapy. With a wavelength of 660nm-850nm, this therapy light delivers powerful infrared light to penetrate deep into the skin and tissues, promoting healing and pain relief.

One of the standout features of this device is its 350W Red Light Therapy, which ensures a potent and consistent light output for maximum therapeutic benefits. Whether you are looking to alleviate muscle pain, improve circulation, or enhance skin health, this therapy light offers a versatile solution for a wide range of applications.

When it comes to safety, the Infrared Therapy Light is equipped with advanced overheating protection to ensure a secure and reliable user experience. This feature gives you peace of mind knowing that you can enjoy the benefits of light therapy without worrying about potential risks or hazards.

As an Infrared Light Therapy Device, this product is designed to be user-friendly and effective. Its compact and portable design makes it easy to use at home or on the go, allowing you to incorporate light therapy into your daily routine with ease. The device is suitable for treating specific areas of the body, with a treatment area of 4-20 inches, ensuring targeted and precise therapy delivery.

Whether you are dealing with chronic pain, muscle soreness, skin conditions, or simply looking to boost your overall well-being, the Infrared Therapy Light offers a non-invasive and drug-free solution to support your health and wellness goals. By harnessing the power of IR Infrared LED technology, this therapy light provides a natural and gentle way to promote healing and rejuvenation.

Our Product Introduction

Experience the benefits of IR Infrared LED therapy with the Infrared Therapy Light. Enhance your well-being, alleviate pain, and promote healing with this advanced light therapy device. With its powerful 350W Red Light Therapy and innovative design, this therapy light offers a convenient and effective solution for a wide range of health and wellness needs.

Features:

Product Name: Infrared Therapy Light
Treatment Area: 4-20 Inches
Safety Features: Overheating Protection
Light Source: Infrared LED
Usage: Pain Relief, Muscle Recovery, Skin Rejuvenation
Wavelength: 660nm 850nm

Applications:

The ANROFU M350 Infrared Therapy Light is a versatile Infrared Laser Therapy Machine designed for various applications and scenarios. With its advanced features and benefits, this Infrared Heat Lamp can be used in a wide range of settings to provide effective treatment and relief.

Hailing from CHINA, the ANROFU M350 utilizes Infrared LED as its light source, emitting a wavelength of 660nm 850nm. This specific wavelength makes it ideal for targeting deep tissues and muscles within a treatment area of 4-20 inches.

One of the standout features of the ANROFU M350 is its safety features, including overheating protection. This ensures that users can enjoy the benefits of the Infrared Heat Lamp without any safety concerns.

The ANROFU M350 is perfect for various Product Application Occasions and Scenarios. It can be used for Pain Relief, helping individuals manage and alleviate different types of pain. Whether it's muscle soreness, joint pain, or other discomforts, this Infrared Therapy Light offers a non-invasive and drug-free solution.

Furthermore, the ANROFU M350 is great for Muscle Recovery, providing targeted infrared light therapy to promote faster healing and reduce inflammation. Athletes, fitness enthusiasts, or anyone dealing with muscle injuries can benefit from using this Infrared Heat Lamp regularly.

Additionally, the ANROFU M350 can be utilized for Skin Rejuvenation purposes. The infrared light helps stimulate collagen production, improve skin elasticity, and reduce signs of aging. With consistent use, users can achieve smoother, healthier-looking skin.

Overall, the ANROFU M350 is a reliable and effective Infrared Therapy Light suitable for a range of needs. Whether it's for pain relief, muscle recovery, or skin rejuvenation, this versatile device offers a convenient and beneficial solution.

Customization:

Explore our Product Customization Services for the ANROFU M350 Infrared Laser Therapy Machine. This top-of-the-line product, originating from CHINA, is designed to cater to your specific needs.

Model Number: M350
Treatment Area: 4-20 Inches
Type: Infrared Light Therapy Device
Light Source: Infrared LED
Usage: Pain Relief, Muscle Recovery, Skin Rejuvenation
Power: 350W

Enhance your experience with our Infrared Red Light Therapy customization options. Whether you require customization for pain relief, muscle recovery, or skin rejuvenation, our product is perfect for you.

Support and Services:

Our Infrared Therapy Light product comes with comprehensive Product Technical Support and Services to ensure your satisfaction and optimal use:

- Dedicated technical support team available to answer any product-related queries
- Online resources and user manuals for easy troubleshooting and guidance
- Product warranty coverage for peace of mind
- Repair and maintenance services to keep your Infrared Therapy Light functioning at its best
