Basic Information

- Brand Name: ANROFU
- Certification: FDA/FCC/CE/ROHS/UL/SAA/C - TICK
- Model Number: M700
- Minimum Order Quantity: 1
- Packaging Details: L708*W290*H130mm 6KG/pcs
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union
- Supply Ability: 10000pcs/ day

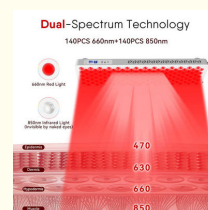

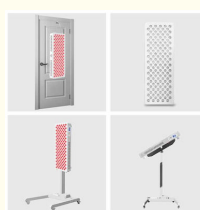

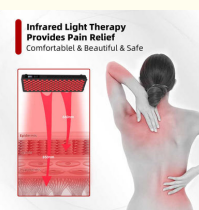

Product Specification

- Input Voltage: AC100~240V
- Type: Infrared Light Therapy Device
- Temperature: "-20~40 45%~95%RH"
- Power Adapter: US, EU, AU, UK,
- Product Size: L568*W215*H60mm
- Wavelength: 660nm 850nm
- Power: 700W
- Treatment Time: 20 Minutes
- Highlight: 20 Minutes Infrared LED Light Therapy, Electric Power Infrared LED Light Therapy, 700W Infrared LED Light Therapy

Our Product Introduction

Product Description

Product Description:

The Infrared Therapy Light is a cutting-edge device that harnesses the power of Infrared LED Light Therapy to provide a variety of health benefits. With a power source of electricity, this device is designed to deliver effective and targeted therapy right in the comfort of your own home.

One of the standout features of this Infrared Therapy Light is its safety measures. This ensures that the device operates safely and efficiently, giving you peace of mind during your therapy sessions.

The Infrared Therapy Light emits light at a wavelength of 660nm 850nm, which is known for its therapeutic properties. This specific wavelength is ideal for promoting healing, reducing inflammation, and improving circulation, among other benefits.

When using the Infrared Therapy Light, it is recommended to position the device 3-18 inches away from the area you wish to treat. This optimal treatment area ensures that the Infrared LED Light Therapy can penetrate the skin effectively and deliver the desired benefits.

Experience the benefits of 700W Red Light Therapy with the Infrared Therapy Light. This powerful therapy option provides deep tissue penetration, which can help alleviate pain, improve skin health, and promote overall well-being. The Infrared Therapy Light is a versatile device that can be used for a wide range of applications, making it a valuable addition to your wellness routine.

Discover the convenience and effectiveness of Infrared Light Therapy Devices with this innovative product. Whether you are dealing with muscle soreness, joint pain, skin conditions, or simply want to boost your overall health, the Infrared Therapy Light offers a non-invasive

and drug-free solution to support your well-being.

Features:

Product Name: Infrared Therapy Light
Treatment Area: 3-18 Inches
Power : 700W
Wavelength:660nm 850nm
Weight: 6kg
Type: Infrared Light Therapy Device

Applications:

The ANROFU M700 Infrared Light Therapy Device, originating from China, weighing 6kg, is a versatile product designed for various application occasions and scenarios.

One of the primary applications of this Infrared Light Therapy Device is in the field of Infrared Red Light Therapy. The device emits infrared light with a wavelength of 660nm 850nm, making it suitable for promoting healing and reducing pain in the treatment area, which typically ranges from 3-18 inches.

Individuals looking to benefit from the therapeutic effects of Infrared Red Light Therapy can use the ANROFU M700 for a variety of scenarios. Whether it's for alleviating muscle soreness after a workout, accelerating wound healing, or managing chronic pain conditions, this Infrared Laser Therapy Machine proves to be a valuable tool.

Moreover, the ANROFU M700 is ideal for those seeking a convenient and efficient treatment option. With a recommended treatment time of 20 minutes, users can easily incorporate the device into their daily routine, whether at home or in a professional setting.

Whether you are a fitness enthusiast, a healthcare professional, or someone looking to improve their overall well-being, the ANROFU M700 Infrared Light Therapy Device offers a reliable solution for harnessing the benefits of Infrared Red Light Therapy.
