Our Product Introduction

Product Description

Product Description:

The Infrared Therapy Light is a cutting-edge device designed to provide effective infrared light therapy for various health and wellness benefits. This advanced product comes equipped with a range of features to ensure safety and convenience during use.

One of the key safety features of this Infrared Therapy Light is the automatic shut-off mechanism. This feature helps prevent overheating and ensures that the device turns off automatically after a set period of time, providing peace of mind to users.

Powered by electricity, this Infrared Therapy Light offers a reliable and consistent source of power for optimal performance. With a power source of 700W, this device delivers the necessary energy to produce the desired infrared light wavelength of 660nm 850nm, known for its therapeutic benefits.

As an Infrared Light Therapy Device, this product is specifically designed to harness the power of infrared light for healing and rejuvenation. The 660nm 850nm wavelength is ideal for penetrating deep into the skin and tissues to stimulate cellular repair and regeneration, making it a versatile tool for a wide range of health conditions.

Featuring an adjustable arm, this Infrared Therapy Light offers flexibility and convenience in directing the light to the desired treatment area. The adjustable arm allows users to position the device at the optimal angle for maximum effectiveness, ensuring targeted and efficient therapy sessions.

The Infrared Therapy Light is a versatile and reliable device that can be used for a variety of applications, from pain relief and

inflammation reduction to skin rejuvenation and wound healing. Whether you are looking to alleviate muscle soreness, improve circulation, or promote overall wellness, this Infrared Light Therapy Device is a valuable addition to your health and wellness routine.

With its advanced technology and user-friendly design, this Infrared Therapy Light offers a convenient and effective solution for harnessing the power of infrared light therapy in the comfort of your own home. Say goodbye to expensive spa treatments and inconvenient appointments – with the Infrared Therapy Light, you can enjoy the benefits of infrared therapy whenever and wherever you need it.

Experience the healing power of infrared light therapy with the Infrared Therapy Light. Whether you are recovering from an injury, managing chronic pain, or simply looking to enhance your overall well-being, this device is your key to unlocking the full potential of Infrared Laser Therapy Machine technology.

Features:

Product Name: Infrared Therapy Light
Input Voltage: AC100-240V
Power : 700W
Treatment Area: 3-18 Inches
Type: Infrared Light Therapy Device
Weight: 6KG

Applications:

The ANROFU M700 IR Infrared LED Therapy Light is a cutting-edge device designed to provide effective infrared light therapy for various applications. With its origin in China, this electric-powered therapy light offers a powerful yet safe solution for users looking to experience the benefits of infrared therapy.

One of the standout features of the ANROFU M700 is its adjustable arm, allowing users to easily position the device for targeted therapy sessions. Weighing just 6KG, this portable therapy light is convenient to use at home, in clinics, or on the go.

As a specialized Infrared Light Therapy Device, the ANROFU M700 is suitable for a wide range of application occasions and scenarios. Whether you are looking to relieve muscle pain, improve circulation, accelerate healing, or simply relax and rejuvenate, this IR Infrared LED therapy light can cater to your needs.

The ANROFU M700 Infrared Laser Therapy Machine is equipped with safety features such as automatic shut-off, ensuring peace of mind during each therapy session. This feature enhances the overall user experience and promotes safe usage of the device.

Whether you are a professional seeking a reliable therapy light for your practice or an individual looking to enhance your well-being at home, the ANROFU M700 IR Infrared LED Therapy Light is a versatile and effective solution. Its advanced technology, adjustable arm, and safety features make it a standout choice in the realm of infrared therapy devices.

Support and Services:

Our Product Technical Support and Services for the Infrared Therapy Light include:

- Assistance with product setup and installation
- Troubleshooting technical issues
- Providing guidance on usage and best practices
- Offering warranty support and repairs
- Conducting product demonstrations and training sessions
