Basic Information

- Brand Name: ANROFU
- Certification: FDA/FCC/CE/ROHS/UL/SAA/C - TICK
- Model Number: M1050
- Minimum Order Quantity: 1
- Packaging Details: L976*W290*H130mm 8 KG/pcs
- Delivery Time: 5-8 days
- Payment Terms: T/T, Western Union
- Supply Ability: 10000pcs/ day

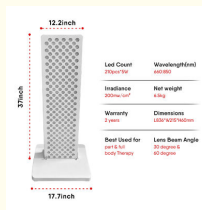

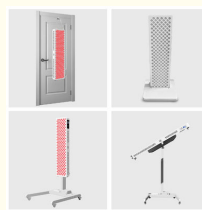

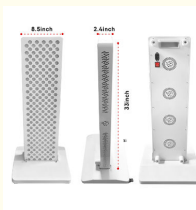

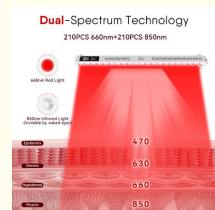

Product Specification

- Input Voltage: AC100~240V
- Wavelength: 210LED 660nm*105pcs+850nm*105pcs
- Power: 1050W
- Certifications: FDA Cleared, CE Certified
- Dimensions: L836*W215*H60mm
- Benefits: Pain Relief, Improved Circulation, Muscle Relaxation
- Type: Infrared Light Therapy Device
- Usage: Home Use
- Highlight: FDA Cleared Infrared Light Therapy Device, 850nm Infrared Light Therapy Device, 660nm Infrared Light Therapy Device

POWERFUL IRRADIANCE FOR EFFECTIVE TREATMENT
210pcs lights, a large area make the effect better

Product Description

Product Description:

The Infrared Therapy Light is a cutting-edge device that harnesses the power of red and infrared light to provide effective therapy for a wide range of health issues. This device falls under the category of Far Infrared Therapy Devices, offering a non-invasive and drug-free alternative for promoting healing and wellness.

Measuring at L836*W215*H60MM, this Infrared Light Therapy Device is compact and portable, making it convenient for use at home or on the go. Its electric power source ensures consistent and reliable operation, allowing you to enjoy the benefits of red and infrared light therapy whenever you need it.

The Infrared Therapy Light emits light at two key wavelengths: 660nm and 850nm. These specific wavelengths have been scientifically proven to penetrate deep into the body's tissues, stimulating cellular repair and regeneration. The 1050W Red Light Therapy delivered by this device ensures that you receive optimal therapy for your health and wellness needs.

When it comes to safety and quality, this Infrared Light Therapy Device holds top certifications. It is FDA cleared, indicating that it meets the stringent standards set by the U.S. Food and Drug Administration for medical devices. Additionally, it is CE certified, demonstrating compliance with European Union regulations for health, safety, and environmental protection.

Experience the benefits of Infrared Red Light Therapy with this advanced Infrared Therapy Light. Whether you are seeking relief from pain, improvement in skin condition, or support for overall well-being, this device offers a natural and effective solution. Harness the power of red and infrared light to enhance your health and vitality with this innovative therapy device.

Our Product Introduction

Features:

Product Name: Infrared Therapy Light
Intensity: Adjustable
Type: Infrared Light Therapy Device
Dimensions: L836*W215*H60MM
Benefits: Pain Relief, Improved Circulation, Muscle Relaxation
Usage: Home Use

Applications:

The ANROFU M1050 Infrared Therapy Light is a versatile product suitable for a variety of product application occasions and scenarios due to its innovative features and benefits.

With a brand name of ANROFU, this therapy light is designed for home use, making it ideal for individuals seeking convenient and effective therapy sessions within the comfort of their own space. The product originates from China, ensuring high-quality manufacturing standards.

The Infrared Therapy Light offers adjustable intensity, allowing users to customize their therapy sessions based on their preferences and needs. It is equipped with wavelengths of 660nm and 850nm, providing a powerful combination for effective therapy results.

One of the key features of this therapy light is its 1050W red light therapy capability, delivering deep-penetrating heat for maximum therapeutic benefits. The infrared heat lamp function enhances the overall therapy experience, promoting relaxation and healing. Moreover, the ANROFU M1050 Infrared Therapy Light holds prestigious certifications including FDA clearance and CE certification, ensuring its safety, quality, and compliance with international standards.

Measuring at L836*W215*H60MM, this compact device is easy to use and store, making it suitable for various application occasions. Whether used for pain relief, muscle recovery, skin rejuvenation, or overall wellness, this therapy light offers a wide range of benefits for users.

Overall, the ANROFU M1050 Infrared Therapy Light is a reliable and effective product that caters to the diverse needs of individuals seeking the benefits of infrared red light therapy. Its adjustable intensity, dual wavelengths, and certifications make it a versatile solution for home use, ensuring convenience, safety, and therapeutic efficacy.

Support and Services:

Our Product Technical Support and Services for the Infrared Therapy Light include:

- Troubleshooting assistance for any operational issues
- Guidance on proper usage and maintenance of the device
- Information on product features and specifications
- Recommendations on how to maximize the benefits of infrared therapy
- Warranty inquiries and support
