Product Description

Product Description:

The Infrared Therapy Light is an innovative device designed to provide relief and healing through the power of infrared light therapy. This advanced product offers a convenient and effective way to treat a variety of conditions and promote overall wellness.

With a treatment area of up to 20 inches, the Infrared Therapy Light is suitable for targeting large areas of the body, making it ideal for full-body treatments or focusing on specific areas in need of therapy. Whether you are dealing with muscle pain, joint stiffness, or other health concerns, this Infrared Laser Therapy Machine can help alleviate discomfort and support your body's natural healing processes.

The dimensions of the device are compact, measuring 3 inches in length, 4 inches in width, and 5 inches in height. This sleek and portable design makes it easy to use the Infrared Light Therapy Device at home, in the office, or while traveling, ensuring that you can access the benefits of infrared therapy wherever you go.

Equipped with a power output of 1400W, the Infrared Therapy Light delivers a therapeutic level of infrared light to help stimulate circulation, reduce inflammation, and relieve pain. The gentle warmth generated by the device penetrates deep into the tissues, promoting relaxation and enhancing the body's natural healing mechanisms.

For added convenience, the Infrared Therapy Light comes with an AC adapter for power supply, allowing you to easily plug it into any standard outlet for immediate use. This versatile feature ensures that you can enjoy the benefits of infrared light therapy without the need for batteries or complicated setup procedures.

Our Product Introduction

As a Type: Infrared Light Therapy Device, this advanced product offers a non-invasive and drug-free solution for improving your health and well-being. Whether you are managing chronic pain, recovering from an injury, or simply looking to enhance your overall wellness, the Infrared Therapy Light can be a valuable addition to your self-care routine.

Experience the benefits of infrared light therapy with the Infrared Therapy Light and discover a natural way to support your body's healing processes. Treat yourself to the soothing warmth and therapeutic effects of this innovative device, and take the first step towards a healthier and more vibrant life.

Features:

Infrared LED Light Therapy: Infrared Therapy Light

Infrared Red Light Therapy: Infrared Therapy Light

Infrared Heat Lamp: Infrared Therapy Light

Treatment Area: Large (up To 20 Inches)

Treatment Time: 5-30 Minutes

Power Output: 1400W

Wavelength: 660nm 850nm

Applications:

ANROFU M1400 Infrared Therapy Light, originating from China, is a cutting-edge device specifically designed for Infrared LED Light Therapy. With a wavelength of 660nm 850nm, this IR Infrared LED product offers a multitude of application occasions and scenarios.

One primary application scenario for the ANROFU M1400 is in the realm of pain relief. The device's Infrared Light Therapy capabilities make it ideal for individuals suffering from various types of pain, including muscle aches, joint pain, and stiffness. Whether used at home or in a professional setting, this Infrared Light Therapy Device can provide soothing relief and promote healing.

Another key area where the ANROFU M1400 excels is in skincare. The infrared light emitted by the device can penetrate the skin, promoting collagen production and improving overall skin tone and texture. This makes it a popular choice for individuals looking to enhance their skincare routine with Infrared Light Therapy.

Furthermore, the ANROFU M1400 is well-suited for athletes and fitness enthusiasts. Its Infrared Light Therapy capabilities can help reduce muscle fatigue, accelerate recovery, and improve performance. Whether used pre-workout to warm up muscles or post-workout to aid in recovery, this device is a versatile tool for fitness enthusiasts.

Thanks to its AC Adapter power supply and 1400W power output, the ANROFU M1400 is both efficient and convenient to use in a variety of settings. Its compact dimensions of L764*W310*H60MM make it portable and easy to transport, allowing users to enjoy the benefits of Infrared Light Therapy wherever they go.

In conclusion, the ANROFU M1400 Infrared Therapy Light is a versatile and effective device that caters to a wide range of needs. Whether used for pain relief, skincare, fitness, or general wellness, this Infrared Light Therapy Device offers a convenient and powerful solution for individuals seeking to harness the benefits of Infrared Light Therapy.

Customization:

Customize your ANROFU Infrared Therapy Light (Model M1400) for a personalized experience. Our Far Infrared Therapy Devices offer powerful treatment with a wavelength of 660nm 850nm, ideal for various conditions. The IR Infrared LED technology provides efficient results, delivering a power output of 1400W for effective therapy sessions lasting 5-30 minutes.

Originating from CHINA, this Infrared Light Therapy Device is a top-of-the-line product suitable for home or professional use. The Infrared Laser Therapy Machine comes with a reliable AC adapter for convenient power supply, ensuring uninterrupted sessions for your well-being.
