Irradiance

Product Description

Product Description:

The Infrared Therapy Light is a cutting-edge device designed to provide effective treatment using the power of far infrared therapy. With dimensions measuring L764*W310*H60mm, this device is compact yet powerful, making it easy to use in various settings.

Featuring a power output of 1400W, this Infrared Therapy Light ensures that you receive the optimal level of therapy for your needs. The device is powered by an AC adapter, offering versatility and convenience in terms of power supply.

When it comes to treatment time, the Infrared Therapy Light allows for sessions ranging from 5 to 30 minutes. This flexibility enables you to customize your therapy sessions based on your individual requirements and preferences.

The Infrared Therapy Light is specifically designed to target large treatment areas, with coverage extending up to 20 inches. This makes it ideal for addressing a wide range of conditions and providing comprehensive therapy coverage.

Utilizing the benefits of far infrared therapy, this device harnesses the healing properties of infrared light to promote overall well-being and alleviate various health issues. Far infrared therapy devices have been known to offer numerous benefits, such as improving circulation, reducing inflammation, and enhancing relaxation.

With the Infrared Therapy Light, you can experience the benefits of 1400W red light therapy in a convenient and user-friendly device. Red light therapy has gained popularity for its ability to enhance cellular function, promote healing, and improve skin health.

Our Product Introduction

Whether you are seeking relief from pain, looking to improve your overall health, or aiming to enhance your well-being, the Infrared Therapy Light is a versatile and effective solution. Its compact size, powerful output, and customizable treatment options make it a valuable addition to your wellness routine.

Features:

Product Name: Infrared Therapy Light
Power Output: 1400W
Wavelength: 660nm 850nm
Treatment Time: 5-30 Minutes
Type: Infrared Light Therapy Device
Power Supply: AC Adapter

Applications:

The ANROFU M1400 Infrared Light Therapy Device, originating from China, is a versatile product suitable for a variety of applications and scenarios. With a wavelength of 660nm 850nm, this device offers therapeutic benefits that can be utilized in different settings. Product Application Occasions and Scenarios:

- 1. Pain Relief:** The ANROFU M1400 is ideal for individuals seeking relief from various types of pain, such as muscle aches, joint stiffness, and arthritis. Whether used at home or in a professional setting, this device can provide soothing infrared heat therapy.
- 2. Muscle Recovery:** Athletes and fitness enthusiasts can benefit from using this device to promote muscle recovery after intense workouts or sports activities. The far infrared therapy can help relax muscles and reduce inflammation.
- 3. Skin Rejuvenation:** The infrared light therapy offered by the ANROFU M1400 can also be used for skin rejuvenation purposes. It can help improve skin tone, reduce wrinkles, and promote overall skin health.
- 4. Relaxation and Stress Reduction:** Incorporating the ANROFU M1400 into a relaxation routine can help reduce stress and promote a sense of well-being. The gentle warmth of the infrared heat lamp can create a calming environment.
- 5. Physical Therapy Sessions:** Physical therapists and healthcare professionals can integrate this device into their treatment sessions to enhance the therapeutic benefits for their patients. The auto shut-off feature adds convenience and safety to the treatment process.
- 6. Home Use:** Whether for personal wellness routines or treating minor ailments, the ANROFU M1400 is suitable for home use. Its compact dimensions make it easy to store and use in different rooms of the house.

Overall, the ANROFU M1400 Infrared Light Therapy Device is a versatile product that can cater to a wide range of needs and preferences. Its effectiveness in providing infrared therapy makes it a valuable tool for individuals looking to improve their well-being through innovative technology.

Customization:

Enhance your experience with our Far Infrared Therapy Devices by customizing your very own ANROFU Infrared Therapy Light!
Brand Name: ANROFU
Model Number: M1400
Place Of Origin: CHINA
Power Supply: AC Adapter
Wavelength: 660nm 850nm
Power Output: 1400W
Auto Shut-Off: Yes
Treatment Area: Large (up To 20 Inches)
Designed with IR Infrared LED technology, this customizable device provides soothing relief. Let the 1400W Red Light Therapy work its magic!
