### Basic Information

- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY-UFO150W
- Minimum Order Quantity: 1
- Packaging Details: 53.5\*30.5\*30.5cm (4 pcs/ carton) Weight: 6.5kg/carton
- Delivery Time: 3-5 Working Days
- Payment Terms: T/T
- Supply Ability: 10000pcs Per Day

### Product Specification

- Product Name: UFO LED Grow Light
- Angle: 120°
- Lamp Body Material: Aluminum
- Dimension: D290\*55mm
- Type: UFO Round Design
- Eff: 2.6 $\mu$ mol/J
- Voltage: AC100-240V
- Led Chip Quantity: 180pcs
- Highlight: Aluminum Material UFO Grow Light, Eff 2.6 $\mu$ mol/J UFO Grow Light, UFO Full Spectrum LED Grow Light

## Product Description

### Product Description:

---

Introducing our innovative Full Spectrum LED Grow Light, a cutting-edge solution for indoor gardening enthusiasts seeking optimal plant growth and development. This state-of-the-art LED Grow Light features a sleek and sturdy Aluminum lamp body material, ensuring durability and efficient heat dissipation for prolonged usage.

The Foldable Design of this LED Grow Light Panel adds a layer of convenience, allowing users to adjust the angle and height for customized lighting coverage. With 180pcs of high-quality LED chips integrated into the design, this grow light delivers a powerful and uniform light output to promote healthy plant growth across all stages.

Operating at a versatile Voltage range of AC100-240V, this Full Spectrum LED Grow Light is suitable for a wide range of indoor gardening setups, providing flexibility and ease of use for both beginners and experienced growers alike. The compact Dimension of D290\*55mm makes it ideal for various grow spaces, from small grow tents to larger indoor gardens.

Designed to mimic natural sunlight, our Full Spectrum LED Grow Light emits a balanced spectrum of light that caters to the different needs of plants throughout their growth cycle. From seedling to flowering stages, this LED Grow Light Panel ensures that your plants receive the right amount of light intensity and spectrum to thrive and flourish.

Whether you are growing herbs, vegetables, or flowers indoors, our Full Spectrum LED Grow Light provides the essential light requirements for optimal plant development. Say goodbye to inconsistent growth and leggy plants, as this LED grow light offers a reliable and efficient lighting solution for indoor gardening enthusiasts.

Experience the benefits of professional-grade lighting technology with our Full Spectrum LED Grow Light. Elevate your indoor gardening experience and witness the remarkable difference in plant growth and vitality with this advanced LED grow light solution.

### Features:

---

Product Name: Full Spectrum LED Grow Light

Voltage: AC100-240V

Type: UFO Round Design

Waterproof: IP65

Eff: 2.6 $\mu$ mol/J

Led Chip Quantity: 180pcs

### Applications:

---

The ANROFU Full Spectrum LED Grow Light model HY-UFO150W is a versatile and high-quality lighting solution designed for various product application occasions and scenarios. With its advanced features and specifications, this commercial LED grow light is suitable for a wide range of settings and purposes.

Whether you are a professional grower or a hobbyist, the ANROFU Full Spectrum LED Grow Light is ideal for indoor gardening, greenhouse cultivation, and commercial horticulture. Its foldable design allows for easy installation and adjustment, making it perfect for use in grow tents, grow rooms, and vertical farming systems.

Thanks to its 120° angle and IP65 waterproof rating, this LED grow light can provide uniform and efficient lighting coverage, ensuring optimal plant growth and development. The lamp body material, aluminum, is durable and heat-resistant, making it suitable for long-term use in various environments.

With a high efficiency of 2.6 $\mu$ mol/J, the ANROFU Full Spectrum LED Grow Light is energy-saving and environmentally friendly, making it a cost-effective choice for growers looking to maximize their yields. The product is certified with CE, ROHS, FCC, ETL, and DLC, guaranteeing its quality and safety standards.

Customers can enjoy the convenience of ordering a minimum quantity of 1 unit, with a fast delivery time of 3-5 working days. Payment terms are flexible with T/T options available. The supply ability of 10000pcs per day ensures that customers can easily access this premium LED grow light for their indoor gardening needs.

### Customization:

---

Enhance your growing experience with our Product Customization Services for the ANROFU Full Spectrum LED Grow Light. Our Commercial LED Grow Lights, model HY-UFO150W, are designed to meet your specific requirements.

Originating from CHINA, our LED Grow Lights are certified with CE, ROHS, FCC, ETL, and DLC standards, ensuring top-notch quality.

With a minimum order quantity of 1, you can expect quick delivery within 3-5 working days. Payment terms accepted include T/T, providing you with convenience and flexibility.

Our supply ability of 10000pcs per day guarantees that your demands will be met promptly. The lamp body is constructed with high-quality aluminum material, featuring a foldable design for versatility.

The 120° angle and AC100-240V voltage make our LED Grow Lights suitable for various growing setups. Measuring at D290\*55mm, the compact dimension allows for easy installation and usage.

### Support and Services:

---

Our Product Technical Support team is dedicated to assisting you with any inquiries or issues you may encounter while using our Full Spectrum LED Grow Light. Whether you need guidance on setup, troubleshooting, or maximizing the performance of your grow light, our experts are here to help.

In addition to technical support, we also offer a range of services to ensure that your Full Spectrum LED Grow Light continues to meet your needs. These services may include maintenance programs, warranty support, and optional upgrades to enhance the functionality and efficiency of your grow light.
