### Product Description

#### Product Description:

Introducing the ultimate LED fishing light for all your fishing adventures - the LED Fishing Light! This innovative product is designed to enhance your fishing experience with its powerful features and reliable performance.

Equipped with advanced LED COB chip technology, this fishing light provides a bright and focused light source that is perfect for attracting fish in deep waters. Whether you are fishing in the dark or murky waters, the LED Fishing Light will illuminate your surroundings with its vibrant colors.

Speaking of colors, this fishing light comes in four stunning options - Green, White, Red, and Cyan. Each color is carefully selected to optimize visibility underwater and attract a wide variety of fish species. The vibrant hues of the LED Fishing Light will set you apart from other anglers and give you a competitive edge in your fishing endeavors.

With a power source of 3000W, this fishing light delivers exceptional brightness and energy efficiency. You can rely on the LED Fishing Light to illuminate your fishing spot for extended periods without draining your power source. Say goodbye to dim and unreliable fishing lights - the LED Fishing Light is here to provide you with consistent and powerful lighting.

Made with durable stainless steel material, this fishing light is built to withstand the harsh conditions of deep-sea fishing. You can trust the LED Fishing Light to endure rough handling, saltwater exposure, and extreme weather conditions without losing its functionality or performance. Invest in a fishing light that is as tough and resilient as you are!

Our Product Introduction

When it comes to power supply, the LED Fishing Light operates on an input voltage of AC200-265V. This versatile power source allows you to use the fishing light in a wide range of settings and locations without worrying about compatibility issues. Whether you are fishing from a boat, pier, or shore, the LED Fishing Light will adapt to your power supply needs.

Experience the Best LED fishing light for deep sea - the LED Fishing Light! Enhance your fishing trips with its powerful LED COB chip, vibrant color options, 3000W power source, stainless steel material, and versatile input voltage. Say goodbye to dim and unreliable fishing lights and say hello to a new era of fishing illumination. Invest in the LED Fishing Light today and take your fishing adventures to the next level!

### Features:

**Product Name:** LED Fishing Light  
**Size:** Φ215\*405mm  
**Power Source:** 3000W  
**Light Source:** LED COB Chip  
**Weight:** 22KG  
**Color:** Green, White, Red, Cyan

### Technical Parameters:

Input Voltage	AC200-265V
Material	Stainless Steel
Weight	22KG
Power Source	3000W
Usage	Fishing/Boating/Camping
Size	Φ215*405mm
Color	Green, White, Red, Cyan
Light Source	LED COB Chip

### Applications:

ANROFU LED Fishing Light is a versatile product that can be used in various occasions and scenarios, making it a must-have for fishing enthusiasts, boaters, and campers.

Designed for deep sea fishing, this waterproof 50m fishing light is perfect for attracting fish in the depths of the ocean. Its submersible design allows it to be used underwater, providing a bright and attractive light source for fish to gather around.

Whether you are fishing in the deep sea or in freshwater lakes, the ANROFU LED Fishing Light is a reliable companion that can help improve your catch rate. Its bright green, white, red, and cyan colors are highly visible underwater, making it easier for fish to spot and be drawn to.

With a weight of 22KG and a compact size of Φ215\*405mm, this fishing light is easy to transport and set up, making it ideal for both shore fishing and boat fishing. The input voltage of AC200-265V ensures compatibility with various power sources, allowing you to use it anywhere with ease.

Whether you are fishing at night, boating in the dark, or camping by the water, the ANROFU LED Fishing Light can enhance your outdoor experience. Its durability and reliability make it a valuable tool for any fishing trip or outdoor adventure.

Experience the convenience and effectiveness of the ANROFU LED Fishing Light, proudly made in China. Get yours today and elevate your fishing, boating, and camping experiences to the next level!

### Customization:

Enhance your fishing experience with our customizable ANROFU LED Fishing Light. This Squid Fishing Light is perfect for fishing, boating, and camping. The LED COB Chip light source ensures high brightness and energy efficiency.

Originating from China, this Waterproof fishing light for boats operates at an input voltage of AC200-265V. With a weight of 22KG and a size of Φ215\*405mm, this product is designed to provide optimal illumination for your outdoor adventures.

### Support and Services:

Our Product, Technical Support and Services for the LED Fishing Light include:

- Expert troubleshooting guidance for any issues with the fishing light
- Detailed product manuals and user guides for easy setup and operation
- Warranty coverage and support for product defects or malfunctions
- Assistance with product customization or specialized requirements
- Regular software updates and firmware upgrades to enhance performance
