Product Description

Product Description:

The LED Fishing Light is a must-have accessory for any avid fisherman looking to enhance their fishing experience. Designed specifically for squid fishing, this powerful light is also ideal for attracting tuna and marlin, making it a versatile tool for any fishing enthusiast.

With a weight of 22KG, this fishing light is sturdy and durable, ensuring it can withstand the rigors of fishing trips in various conditions. The stainless steel material used in its construction adds to its durability and longevity, making it a reliable companion for many fishing adventures to come.

Equipped with an input voltage of AC200-265V, this fishing light is compatible with a wide range of power sources, providing flexibility and convenience for users. The power source of 3000W ensures a bright and powerful light output, making it highly effective in attracting fish in the surrounding waters.

The LED Fishing Light comes in four vibrant colors - green, white, red, and cyan. These colors are carefully selected to attract different types of fish, making it a versatile tool for targeting various species. Whether you're after squid, tuna, or marlin, this fishing light has got you covered.

Whether you're a seasoned fisherman or a novice angler, the LED Fishing Light is a valuable addition to your fishing gear. Its effectiveness as a fishing light attractor is unmatched, helping you lure in your desired catch with ease. Say goodbye to long hours of waiting and increase your chances of a successful fishing trip with this innovative fishing accessory.

Our Product Introduction

Features:

Product Name: LED Fishing Light
Light Source: LED COB Chip
Weight: 22KG
Usage: Fishing/Boating/Camping
Input Voltage: AC200-265V
Size: Φ215*405mm

Technical Parameters:

Input Voltage	AC200-265V
Light Source	LED COB Chip
Material	Stainless Steel
Color	Green, White, Red, Cyan
Size	Φ215*405mm
Usage	Fishing/Boating/Camping
Weight	22KG
Power Source	3000W

Applications:

ANROFU LED Fishing Light is a versatile and reliable lighting solution designed for various outdoor activities. With its long-lasting LED technology, this fishing light is ideal for illuminating fishing spots during nighttime fishing trips. Whether you are a professional angler or an occasional fisherman, this LED light ensures visibility and enhances your fishing experience.

Originating from China, the ANROFU LED Fishing Light is built to withstand the demands of outdoor use. Its robust construction and waterproof design make it suitable for use in marine environments, making it a perfect choice for boating enthusiasts looking to enhance their nighttime boating experience.

With an input voltage of AC200-265V, this LED fishing light delivers reliable performance and efficiency. Weighing 22KG and measuring Φ215*405mm, it is compact and portable, allowing for easy transportation and installation.

Available in green, white, red, and cyan colors, the ANROFU LED Fishing Light offers versatility to suit different preferences and scenarios. Whether you are fishing, boating, or camping, this LED light serves as a reliable source of illumination.

Whether you are using it as a long-lasting LED fishing light, an LED light for shrimp fishing, or a waterproof fishing light for boats, the ANROFU LED Fishing Light is a practical and convenient lighting solution for outdoor enthusiasts. Enhance your outdoor adventures with this versatile and durable LED fishing light from ANROFU.
