Basic Information

- Brand Name: ANROFU
- Certification: CE ROHS FCC
- Model Number: COB 3000W
- Minimum Order Quantity: 1
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union
- Supply Ability: 1000 pcs/day

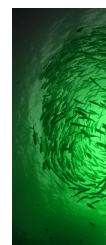

Product Specification

- Power Source: 3000W
- Weight: 22KG
- Input Voltage: AC200-265V
- Usage: Fishing/Boating/Camping
- Material: Stainless Steel
- Size: Φ215*405mm
- Color: Green, White, Red, Cyan
- Light Source: LED COB Chip
- Highlight: Deep water fishing LED lights, Waterproof fishing LED lights, High-lumen underwater fishing LED lights

Product Description

Product Description:

The LED Fishing Light is a versatile and reliable lighting solution designed for fishing enthusiasts and commercial fishermen. Available in four vibrant colors - Green, White, Red, and Cyan, this waterproof fishing light for boats is perfect for attracting fish in various water conditions.

Our Product

Featuring a powerful 3000W power source, this long-lasting LED fishing light provides ample brightness to illuminate the surrounding water, making it ideal for nighttime fishing expeditions. Weighing 22KG, this fishing light is lightweight and easy to install on boats of all sizes.

The light source of this commercial fishing light for boats is an advanced LED COB chip, known for its energy efficiency and durability. With an input voltage range of AC200-265V, this fishing light can be easily powered using standard boat electrical systems.

Whether you are a recreational angler looking to enhance your fishing experience or a commercial fisherman in need of a reliable lighting solution, the LED Fishing Light is the perfect choice. Its waterproof design ensures durability in marine environments, while the array of colors provides versatility for different fishing scenarios.

Invest in the LED Fishing Light today and take your fishing adventures to the next level with its superior brightness, energy efficiency, and long-lasting performance.

Features:

Product Name: LED Fishing Light
Input Voltage: AC200-265V
Light Source: LED COB Chip
Weight: 22KG
Color: Green, White, Red, Cyan
Material: Stainless Steel

Technical Parameters:

Input Voltage	AC200-265V
Light Source	LED COB Chip
Size	Φ215*405mm
Color	Green, White, Red, Cyan
Usage	Fishing/Boating/Camping
Material	Stainless Steel
Power Source	3000W
Weight	22KG

Applications:

ANROFU LED Fishing Light is a versatile and reliable product designed for various outdoor activities such as fishing, boating, and camping. With its durable stainless steel construction, this light is built to withstand the rigors of outdoor use, making it an ideal companion for all your adventures.

Whether you are deep-sea fishing in the dark or setting up camp at night, the ANROFU LED Fishing Light provides a bright and efficient lighting solution. Its vibrant colors - green, white, red, and cyan - offer flexibility in different scenarios, allowing you to choose the most suitable light color for your needs.

For deep-sea fishing enthusiasts, this light serves as a reliable deep-sea fishing light, illuminating the waters to attract fish and enhance visibility during nighttime fishing trips. The ANROFU LED Fishing Light is also highly effective as a squid fishing light, helping to lure in squid with its bright and enticing illumination.

Thanks to its versatile usage capabilities, this LED light is not limited to just fishing activities. Boaters can benefit from its powerful lighting output to navigate waters safely during nighttime excursions. Campers, on the other hand, can rely on the ANROFU LED Fishing Light to illuminate their campsite, providing a bright and welcoming atmosphere.

Originating from China, the ANROFU LED Fishing Light is a high-quality product that meets strict standards of performance and durability. With an input voltage of AC200-265V, this light is designed to be energy-efficient and reliable, ensuring long-lasting and consistent illumination wherever you go.

Weighing just 22KG, this LED Fishing Light is portable, making it easy to transport and set up in various outdoor settings. Whether you are a fishing enthusiast, boating lover, or camping aficionado, the ANROFU LED Fishing Light is the perfect lighting companion for all your outdoor adventures.

Customization:

Enhance your fishing experience with our ANROFU LED Fishing Light customized to your needs. Our submersible fishing light, perfect for tuna and marlin, is designed to provide efficient illumination for your fishing adventures. Manufactured in China, this fishing light features the latest LED COB Chip technology, ensuring bright and reliable lighting.

Operating at an input voltage of AC200-265V, this durable fishing light is constructed from stainless steel, making it robust and suitable for various environments. Weighing 22KG, it is easy to handle and transport, making it ideal for fishing, boating, and camping trips.

Choose from blue or green LED options to suit your preferences and optimize your fishing experience. Customize your ANROFU LED Fishing Light today and enjoy enhanced visibility and success on the water.

Support and Services:

The Product Technical Support and Services for the LED Fishing Light include troubleshooting assistance, product maintenance guidance, and warranty support. Our team of experts is available to help you with any technical issues or questions you may have regarding the LED Fishing Light. Additionally, we provide services such as product installation assistance, repair services, and replacement part availability to ensure that your fishing light continues to perform at its best.
