- Coverage: 5x8ft
- Highlight: **foldable LED grow light with dimmable brightness**
, LED grow light for 5x8ft coverage,
VEG BLOOM foldable grow light

Product Description

Product Description:

Equipped with 2 channels, this Folding Foliage Cultivation Lighting allows you to adjust the spectrum according to the growth stage of your plants. The dual-channel feature enables you to customize the light output for both the vegetative and blooming phases, making it an ideal choice for VEG+BLOOM cycles.

One of the standout features of this Compact Photosynthesis Illuminator is the Daisy Chain Knob, which allows you to connect multiple units together to expand the coverage area without the need for extra power outlets. This convenient feature makes it easy to scale up your indoor garden as your plant collection grows.

The Foldable LED Grow Light provides a coverage area of 5x8ft, ensuring that your plants receive uniform and sufficient light for healthy growth and abundant yields. Whether you are growing herbs, vegetables, or flowers, this grow light is designed to support a wide range of indoor plants.

With its foldable design, this grow light offers flexibility in installation and placement, making it suitable for grow tents, shelves, or any indoor gardening setup. The compact size and foldable feature also make it convenient for storage when not in use, saving space in your gardening area.

Whether you are a beginner or experienced gardener, the Foldable LED Grow Light is a reliable and energy-efficient solution for indoor plant cultivation. Enhance the growth and development of your plants with this versatile and user-friendly lighting system.

Features:

Product Name: Foldable LED Grow Light

Channel: 2 Channel

Feature: Daisy Chain Knob

Usage: VEG+BLOOM

Coverage: 5x8ft

Technical Parameters:

Feature	Daisy Chain Knob
Lumen	102400LM
Dimmable	0% - 100%
Usage	VEG+BLOOM
Coverage	5x8ft
Channel	2 Channel

Applications:

ANROFU Foldable LED Grow Light is a versatile and innovative lighting solution designed for various growth applications. With certifications including CE, ROHS, FCC, DLC, and ETL, this product ensures high quality and safety standards are met.

The Foldable LED Grow Light is ideal for a wide range of Product Application Occasions and Scenarios. Its compact design and lightweight construction make it perfect for indoor gardening, hydroponic systems, greenhouses, and grow tents. Whether you are a home gardener or a professional grower, this Flexible Vegetation Grow Light is a convenient and efficient choice.

Featuring a unique Daisy Chain Knob, the Foldable LED Grow Light allows for easy connectivity and expansion, making it suitable for large-scale operations. The coverage area of 5x8ft ensures that your plants receive uniform light distribution for optimal growth and development.

With its dimmable functionality from 0% to 100%, the ANROFU LED Grow Light provides full control over light intensity, allowing you to adjust according to the specific needs of your plants during different growth stages. The impressive lumen output of 102400LM ensures that your plants receive ample light for photosynthesis, promoting healthy and vigorous growth.

Whether you are focusing on the VEG stage or the BLOOM stage of plant growth, this Compact Photosynthesis Illuminator caters to both requirements. Its versatility and efficiency make it an essential tool for maximizing plant growth and yield.

With a Minimum Order Quantity of 1 and a Delivery Time of 3-5 days, acquiring the ANROFU Foldable LED Grow Light is convenient and hassle-free. Payment Terms of T/T further simplify the purchasing process, ensuring a seamless transaction experience for customers.

Customization:

Enhance your indoor gardening experience with our Bendable Horticultural Lamp, the Foldable LED Grow Light by ANROFU. This innovative product comes with a 2 Channel design, allowing you to customize the lighting spectrum for your plants' specific needs. The Foldable Plant Growing Light is equipped with a Daisy Chain Knob feature, making it easy to connect multiple units for expanded coverage. With a coverage area of 5x8ft and an impressive lumen output of 102400LM, this Expandable Planting Spectrum LED is ideal for both VEG and BLOOM stages.

Our Foldable LED Grow Light is certified with CE, ROHS, FCC, DLC, and ETL, ensuring high-quality performance and safety standards. With a minimum order quantity of just 1 unit, quick delivery within 3-5 days, and convenient payment terms of T/T, customizing your indoor garden setup has never been easier.

Packing and Shipping:

Product Packaging: -----
This Foldable LED Grow Light is carefully packaged to ensure its safe delivery to you. The product is enclosed in a sturdy cardboard box with protective padding to prevent any damage during transit.

Shipping:
Once your order is confirmed, our team will carefully pack your Foldable LED Grow Light and ship it to your provided address. You will receive a tracking number to monitor the status of your delivery. We strive to deliver your product promptly and in perfect condition.
