Basic Information

- Brand Name: ANROFU
- Certification: CE ROHS FCC DLC ETL
- Minimum Order Quantity: 1
- Delivery Time: 3-5 Days
- Payment Terms: T/T

Foldable plant growth lamp

180 Degrees Free folding

- No assembly required, unfolded and suspended for easy and convenient operation

OUTSTANDING HEAT DISSIPATION

- Passive cooled light bar
- Quick heat radiation
- Extend the light life effectively
- Unique heat dissipation design

Product Specification

- Lumen: 102400LM
- Usage: VEG+BLOOM
- Channel: 2 Channel
- Coverage: 5x8ft
- Dimmable: 0% - 100%
- Feature: Daisy Chain Knob
- Highlight: **2 channel LED grow light, collapsible VEG BLOOM grow light, foldable LED plant cultivation light**

Product Description

Product Description:

The Foldable LED Grow Light is a versatile and innovative product designed for all your indoor gardening needs. This Foldable Plant Growing Light is a game-changer, providing you with the flexibility and functionality you need to ensure your plants thrive.

With its unique foldable design, this Portable Cultivation Light can be easily adjusted to suit your growing area. Whether you have a small space or a larger area to cover, this Collapsible LED Grow Light has got you covered.

One of the standout features of this LED grow light is its dimmable functionality, allowing you to adjust the light intensity from 0% to 100% according to your plants' specific needs. This level of control ensures that your plants receive the optimal amount of light at every stage of their growth cycle.

Equipped with 2 channels, this grow light offers enhanced customization options. You can easily switch between VEG and BLOOM modes to provide your plants with the right spectrum of light for each stage of growth. This flexibility ensures that your plants receive the specific light wavelengths they need for healthy and vigorous growth.

The impressive coverage area of 5x8ft makes this LED grow light suitable for a variety of indoor gardening setups. Whether you're growing herbs, vegetables, or flowers, this grow light can effectively illuminate a significant area, promoting uniform growth and consistent yields.

With a lumen output of 102400LM, this grow light delivers powerful and efficient lighting to support your plants' photosynthesis process. The high lumen output ensures that your plants receive ample light energy, leading to robust growth, vibrant foliage, and abundant blooms.

In conclusion, the Foldable LED Grow Light is a top-of-the-line solution for indoor gardeners looking to optimize their plant growth. Its dimmable feature, 2-channel control, extensive coverage area, and high lumen output make it a must-have tool for any grower serious about achieving exceptional results. Invest in this innovative and versatile grow light to take your indoor gardening to the next level.

Features:

Product Name: Foldable LED Grow Light

Dimmable: 0% - 100%

Channel: 2 Channel

Channel	2 Channel

Applications:

ANROFU's Foldable LED Grow Light is a versatile and innovative lighting solution designed for various product application occasions and scenarios. With certifications including CE, ROHS, FCC, DLC, and ETL, this portable cultivation light is suitable for both professional growers and hobbyists alike.

Whether you are cultivating plants in a small indoor garden or a large commercial greenhouse, the Foldable LED Grow Light is a reliable choice. The minimum order quantity of 1 makes it accessible for individual growers, while the quick delivery time of 3-5 days ensures that you can get started with your cultivation project promptly.

Payment terms are flexible with T/T options available, making it convenient for customers to complete their purchase. The Foldable LED Grow Light features a unique Daisy Chain Knob, allowing growers to easily connect multiple units for expanded coverage.

With a high lumen output of 102400LM, this expandable planting spectrum LED offers powerful lighting to promote plant growth at all stages. The 2-channel design and dimmable feature from 0% to 100% provide growers with full control over light intensity and spectrum customization.

The coverage area of 5x8ft ensures that your plants receive uniform and sufficient light distribution for optimal growth. Whether you are growing herbs, flowers, vegetables, or any other type of plant, the Foldable LED Grow Light is a versatile solution that can adapt to different cultivation needs.

For growers looking for a foldable plant growing light that combines efficiency, convenience, and performance, ANROFU's Foldable LED Grow Light is the ideal choice. Enhance your cultivation experience with this innovative lighting solution that meets the demands of modern indoor gardening.
