

## Portable Cultivation Light VEG BLOOM Dimmable 0% 100% Performance

### Our Product Introduction

for more products please visit us on [growled-light.com](http://growled-light.com)

#### Basic Information

- Brand Name: ANROFU
- Certification: CE ROHS FCC DLC ETL
- Minimum Order Quantity: 1
- Delivery Time: 3-5 Days
- Payment Terms: T/T

#### Product Specification

- Channel: 2 Channel
- Lumen: 102400LM
- Dimmable: 0% - 100%
- Coverage: 5x8ft
- Usage: VEG+BLOOM
- Feature: Daisy Chain Knob
- Highlight: **foldable LED grow light with dimmable performance**  
**, portable cultivation light for VEG BLOOM,**  
**dimmable LED grow light 0% to 100%**

## Product Description

### Product Description:

The Foldable LED Grow Light is a versatile and innovative lighting solution designed to enhance plant growth and optimize photosynthesis. With its dimmable feature allowing adjustment from 0% to 100%, this foldable plant growing light provides full control over the light intensity to meet the specific needs of your plants at different growth stages.

Equipped with a unique Daisy Chain Knob, this compact photosynthesis illuminator offers easy connectivity for multiple units, allowing for a seamless and efficient setup for larger growing areas. Whether you are a beginner or a seasoned grower, the Foldable LED Grow Light is user-friendly and adaptable, making it an ideal choice for various indoor gardening setups.

Featuring an impressive lumen output of 102400LM, this flexible vegetation grow light ensures a powerful and uniform light distribution that promotes healthy plant development and maximizes yields. The high lumen output of this grow light is suitable for a wide range of plants, including herbs, vegetables, and flowers, providing them with the light they need to thrive.

The Foldable LED Grow Light offers a 2-channel design, allowing you to customize the light spectrum for different growth phases. With separate VEG and BLOOM channels, you can easily switch between modes to provide the optimal lighting conditions for your plants during the vegetative and flowering stages. This dual-channel feature enhances the growth and blooming processes, resulting in healthier plants with robust yields.

Whether you are growing herbs on your kitchen counter or managing a large-scale indoor garden, the Foldable LED Grow Light is a reliable and efficient lighting solution that delivers consistent performance and exceptional results. Its foldable design allows for easy storage and portability, making it convenient to use in various settings.

In summary, the Foldable LED Grow Light is a top-of-the-line lighting fixture that combines versatility, efficiency, and convenience in one compact package. With its dimmable feature, Daisy Chain Knob, high lumen output, 2-channel design, and suitability for both VEG and BLOOM stages, this grow light is the perfect choice for growers looking to optimize their indoor gardening experience. Invest in the Foldable LED Grow Light today and watch your plants thrive under its powerful and customizable illumination.

### Features:

**Product Name:** Foldable LED Grow Light

**Usage:** VEG+BLOOM

**Lumen:** 102400LM

**Channel:** 2 Channel

**Feature:** Daisy Chain Knob

**Coverage:** 5x8ft

### Technical Parameters:

Coverage	5x8ft
Feature	Daisy Chain Knob
Channel	2 Channel
Lumen	102400LM
Usage	VEG+BLOOM
Dimmable	0% - 100%

### Applications:

ANROFU presents the innovative Foldable LED Grow Light, a versatile and efficient lighting solution designed for various botanical growth applications. With certifications including CE, ROHS, FCC, DLC, and ETL, this cutting-edge product ensures quality and safety in every use. The minimum order quantity is just 1 unit, making it accessible for both personal and commercial needs. Customers can expect a swift delivery time of 3-5 days, facilitating quick setup and operation. Payment terms are flexible, with T/T options available for convenience.

The Foldable LED Grow Light is ideal for a range of product application occasions and scenarios. Its coverage of 5x8ft caters to medium-sized growth areas, providing ample light for plants to thrive. The 2-channel design offers flexibility in adjusting light spectrum and intensity for different growth stages. With a powerful lumen output of 102400LM, this light source promotes healthy and vigorous plant growth.

Whether used for VEG or BLOOM stages, this versatile fixture supports both growth phases effectively. The dimmable feature allows users to customize light intensity from 0% to 100%, accommodating various plant species and growth requirements. Its unique design as a Folding Botanical Growth Lamp or Foldable Plant Growing Light makes it convenient for storage and transportation when not in use. The Retractable Leaf Cultivation Fixture aspect adds to its practicality and ease of use in different settings.

### Customization:

Customize your Foldable LED Grow Light from ANROFU with our Product Customization Services:

- Expandable Planting Spectrum LED
- Bendable Horticultural Lamp
- Collapsible LED Grow Light

Brand Name: ANROFU

Certification: CE ROHS FCC DLC ETL  
Minimum Order Quantity: 1  
Delivery Time: 3-5 Days  
Payment Terms: T/T  
Lumen: 102400LM  
Feature: Daisy Chain Knob  
Coverage: 5x8ft  
Usage: VEG+BLOOM  
Dimmable: 0% - 100%

**Packing and Shipping:**

**Product Packaging:**-----  
The Foldable LED Grow Light is carefully packaged in a sturdy box to ensure its safe delivery. The packaging includes protective padding to prevent any damage during transit.

**Shipping:**  
Once your order is confirmed, the Foldable LED Grow Light will be carefully packed and shipped to your provided address. You will receive a tracking number to monitor the delivery status of your package.
