Basic Information

- Brand Name: ANROFU
- Certification: CE ROHS FCC DLC ETL
- Minimum Order Quantity: 1
- Delivery Time: 3-5 Days
- Payment Terms: T/T

Foldable plant growth lamp

180 Degrees Free folding

- No assembly required, unfolded and suspended for easy and convenient operation

OUTSTANDING HEAT DISSIPATION

- Passive cooled light bar
- Quick heat radiation
- Extend the light life effectively
- Unique heat dissipation design

Product Specification

- Coverage: 5x8ft
- Dimmable: 0% - 100%
- Channel: 2 Channel
- Usage: VEG+BLOOM
- Feature: Daisy Chain Knob
- Lumen: 102400LM
- Highlight: 5x8ft foldable LED grow light, daisy chain LED grow light, VEG BLOOM foldable grow light

Product Description

Product Description:

The Foldable LED Grow Light is a versatile solution for indoor gardening, providing high-quality lighting for your plants. This innovative product is designed for Folding Foliage Cultivation Lighting, offering great flexibility and convenience for your gardening needs. Featuring a unique Daisy Chain Knob, this Bendable Horticultural Lamp allows you to easily connect multiple lights together, providing a seamless lighting setup for your plants. Whether you are a beginner or experienced gardener, this grow light is suitable for VEG+BLOOM stages, ensuring optimal growth and blooming of your plants. With an impressive Lumen output of 102400LM, this Foldable LED Grow Light delivers bright and efficient lighting to support healthy plant growth. The dimmable feature, ranging from 0% to 100%, gives you full control over the intensity of the light, allowing you to adjust it according to the specific needs of your plants. Equipped with 2 channels, this grow light offers enhanced customization options, enabling you to tailor the light spectrum to suit different plant varieties and growth stages. Whether you are growing herbs, flowers, or vegetables, this versatile lighting solution can meet your specific requirements. Enhance your indoor gardening experience with the Foldable LED Grow Light, a reliable and efficient lighting solution that promotes healthy plant growth and blooming. Invest in this innovative grow light today and enjoy the benefits of professional-grade lighting for your plants.

Features:

Product Name: Foldable LED Grow Light

Lumen: 102400LM

Feature: Daisy Chain Knob

Usage: VEG+BLOOM

Channel: 2 Channel

Coverage: 5x8ft

Technical Parameters:

Lumen	102400LM
Coverage	5x8ft
Dimmable	0% - 100%
Usage	VEG+BLOOM
Feature	Daisy Chain Knob
Channel	2 Channel

Applications:

When it comes to versatile lighting solutions for indoor gardening, the ANROFU Collapsible LED Grow Light is a top choice. With certifications including CE, ROHS, FCC, DLC, and ETL, this high-quality grow light ensures safety and efficiency in plant cultivation. Whether you are a small-scale hobbyist or a commercial grower, the ANROFU Collapsible LED Grow Light is suitable for various application occasions and scenarios:

- 1. Home Gardening:** Perfect for home growers looking to cultivate a wide range of plants, from herbs to flowers, in an indoor setting. The flexibility of this grow light allows you to adjust the lighting according to the growth stage of your plants.
 - 2. Vertical Farming:** Ideal for vertical farming systems where space is limited. The collapsible design of the LED grow light makes it easy to install in tight spaces while providing optimal light coverage for efficient plant growth.
 - 3. Commercial Greenhouses:** For commercial growers looking to maximize crop yields, the ANROFU Collapsible LED Grow Light is a reliable choice. The daisy chain knob feature allows for easy connection of multiple units, providing uniform lighting across large greenhouse areas.
- With a minimum order quantity of 1 and a fast delivery time of 3-5 days, you can quickly get started with your indoor gardening setup. Payment terms via T/T make the purchasing process convenient and straightforward. The dimmable feature of the grow light, ranging from 0% to 100%, gives you full control over the light intensity to meet the specific needs of your plants during different growth stages. The 2-channel design allows you to separately adjust the light spectrum for VEG and BLOOM stages, ensuring optimal plant development. Featuring a high lumen output of 102400LM, the ANROFU Collapsible LED Grow Light delivers bright and energy-efficient lighting for healthy plant growth. Whether you are a beginner or experienced grower, this flexible vegetation grow light offers a reliable and effective solution for indoor plant cultivation.
