

Optimize Plant Growth with UV IR LED Grow Light Led Bar 12 Strips and Foldable Design

Our Product Introduction

for more products please visit us on growled-light.com

Basic Information

- Brand Name: ANROFU
- Certification: CE ROHS FCC ETL DLC
- Model Number: HY-UFO100W
- Minimum Order Quantity: 1
- Delivery Time: 3-5 Working Days
- Payment Terms: T/T
- Supply Ability: 10000pcs Per Day

Product Specification

- Driver: Juson,customized
- Type: Foldable Design
- Body Material: Aluminum
- Efficiency: 2.8 Umol/J
- Cooling System: Dual Cooling Fans
- Lamp Power: 960w
- Actual Power Draw: 545w± 3%
- Case Color: Black+White
- Highlight: **UV IR LED grow light bar,
foldable full spectrum grow light,
12-strip LED plant growth light**

Product Description

Product Description:

The Full Spectrum LED Grow Light is a top-of-the-line lighting solution for indoor gardening enthusiasts. This advanced grow light features 12 LED strips, providing ample coverage for your plants' growth and development. With a sleek design and powerful performance, this Full Spectrum LED Grow Light is a must-have for any serious grower.

One of the standout features of this Full Spectrum LED Grow Light is its WIFI control capability. This allows you to easily adjust the lighting settings from the convenience of your smartphone or tablet. Whether you're at home or on the go, you can ensure that your plants are receiving the optimal light spectrum for their growth stage.

With an impressive efficiency rating of 2.8 $\mu\text{mol/J}$, this Full Spectrum LED Grow Light delivers exceptional performance while minimizing energy consumption. This means you can enjoy robust plant growth without worrying about high electricity bills. The 100w rated power wattage ensures that your plants receive the necessary light intensity for healthy development.

The Full Spectrum LED Grow Light is equipped with a high-quality driver from Jusun, customized to enhance the overall performance and reliability of the lighting system. This driver ensures stable power supply to the LED strips, maximizing their lifespan and ensuring consistent light output for your plants.

Whether you're a seasoned gardener or just starting out, the Full Spectrum LED Grow Light offers a user-friendly experience with advanced features to support your indoor gardening journey. Bring the power of full spectrum lighting to your plants and watch them thrive under the glow of this premium LED grow light.

Features:

Product Name: Full Spectrum LED Grow Light

Product Design: Modular Design+ Mobile APP Control

Type: Foldable Design

Efficiency: 2.8 $\mu\text{mol/J}$

Lamp Power: 960w

Driver: Jusun,customized

Technical Parameters:

Lamp Power	960w
Actual Power Draw	545w \pm 3%
Thermal Management	Passive
Driver	Jusun,customized
Efficiency	2.8 $\mu\text{mol/J}$
Ppe	3.5 $\mu\text{mol/J}$
Product Design	Modular Design+ Mobile APP Control
Body Material	Aluminum
Type	Foldable Design
Case Color	Black+White

Applications:

ANROFU Full Spectrum LED Grow Light (Model: HY-UFO100W) are diverse and cater to a wide range of needs in the agricultural and horticultural sectors. With its advanced features and high-quality components, this LED grow light is suitable for various settings:

1. Greenhouse Cultivation: The **ANROFU Full Spectrum LED Grow Light** is ideal for greenhouse settings where natural light may be limited. Its full spectrum design provides plants with the necessary light wavelengths for photosynthesis, promoting healthy growth and higher yields.

2. Indoor Farming: Whether in a small indoor garden or a large-scale indoor farm, this **LED Grow Light Panel** can be used to supplement or replace natural sunlight. Its foldable design allows for easy installation and placement in different setups.

3. Research Facilities: Research facilities focusing on plant growth and development can benefit from the precise control offered by the **ANROFU LED Grow Light**. The WIFI control feature enables researchers to adjust the light spectrum and intensity according to specific experimental requirements.

4. Vertical Farming: In vertical farming systems where space is limited, the compact design of the **ANROFU Full Spectrum LED Grow Light** is a perfect fit. Its high supply ability ensures that vertical farming operations can scale up production efficiently.

5. Hydroponic Systems: The **ANROFU LED Grow Light** is well-suited for hydroponic systems due to its low heat emission and energy efficiency. The aluminum body material helps in dissipating heat effectively, maintaining optimal growing conditions for plants.

With certifications such as CE, ROHS, FCC, ETL, and DLC, customers can trust the quality and safety standards of the **ANROFU LED Grow Light**. The minimum order quantity of 1 unit and fast delivery time of 3-5 working days make it accessible for both individual growers and commercial operations. Payment terms via T/T offer convenience, while the inclusion of a Jusun customized driver ensures reliable performance.

Customization:

Product Customization Services for Full Spectrum LED Grow Light:
Brand Name: ANROFU
Model Number: HY-UFO100W
Place Of Origin: CHINA
Certification: CE ROHS FCC ETL DLC
Minimum Order Quantity: 1
Delivery Time: 3-5 Working Days
Payment Terms: T/T
Supply Ability: 10000pcs Per Day
Rated Power Watt: 100w
Ppe: 3.5 Umol/J
Cooling System: Dual Cooling Fans
Type: Foldable Design
Case Color: Black+White

Support and Services:

Our Full Spectrum LED Grow Light product comes with comprehensive Product Technical Support and Services to ensure you get the most out of your purchase. Our team of experts is available to assist you with any inquiries regarding installation, troubleshooting, or general usage of the grow light.
Our technical support includes detailed product manuals, online resources, and instructional videos to guide you through the setup and operation of the LED grow light. Additionally, we offer personalized assistance for more complex issues, ensuring that you can optimize your plant growth with confidence.
Our commitment to customer satisfaction means that you can rely on our dedicated support team to provide you with the assistance you need to achieve successful indoor gardening with our Full Spectrum LED Grow Light.

Packing and Shipping:

Product Packaging:
Our Full Spectrum LED Grow Light is carefully packaged to ensure safe delivery to our customers. Each light is placed in a sturdy cardboard box with ample cushioning to prevent any damage during transit.
Shipping Information:
We offer fast and reliable shipping for our Full Spectrum LED Grow Light product. Once your order is placed, it will be processed and shipped within 1-2 business days. You will receive a tracking number to monitor the delivery status of your package.
